The Five Ages of States

r Walt Whitman Rostow, professor of economic history at the famous Massachusetta Insti-tute of Technology, recently outlined a theory of the five ages of nations, in the course of lectures he delivered are age or nations, in the course of lectures he delivered as Cambridge prior to taking up his present appointment. A summary of his conclusions, reprinted true the noted Registin paper "The Recommist." is included in the Reptember issue of "MATO Letter," the Information service of the North Alamint. Treaty Organization.

The North Marian Treaty Organization of the North Alamint. Treaty Organization to tabulate every country as being within one of five stages of growth."

stages of growth."

1—Traditional societies, of which there will very soon be none left, in which the inaccessibility of modern actence puts a ceiling on production.

2—Transitional societies, in which the country is rich enough to devote more than fire or il per cent of it national mome to invertenent and in which a few leading eillô has emerged with the urge to build a modern industrial noteity.

ern monastran society.

3-Societies in the stage of "take-off", a comparatively brief period of approximately 60 years, in the case of most nations which have passed through 44, "when the economy and society start to transform themselves so that economic growth becomes more or less automatic.

s automate."

4—The dangerous stage of maturity, which it is ggested Britain reached in 1850, the U.S. in 1900, remain in 1914, Japan at the time of Pearl Harbor d Russia with its first nuclear explosion in 1949.

and musta with its mit nuclear explosion in 1949.

5—A fifth stage in which the mature society may choose either first, high mass consumption, or, second, taking out some of the new benefits by developing a welfare state society and by working less hard or, third, pursuing external power and influence, if necessary hard aggregation was

welfare state society and by working less hard or, third, pursuing external power and influence, if necessary by aggressive war.

The Economist proceeds to develop an interesting argument about the methods by which the West ought to assist Russia and, later, Chian, India and other na-tions reaching the fourth or mature stage, to choose either high mass consumption or the welfars state, rather than the pursul of external power, as the fitti-stage. Interesting though this treating, By leating, there are other quemitably as 1914 and lapan's as the time of Pearl Harboy, it is o'rivous what choice it is believed these nations made. The U.S., we suppose, can be said to have chosen high mass consumption, althquish 1900 seems a rather early date to fir that holice. But what shall be said of a Britain maturing as early as 1859? Did she choose mass consumption, By the standards of the times, her consumption, was

can be all to have made and the companion of the companio

Mockery

A man in Stamford was sent to jail for three months for driving while his licence was under supersion. It was the eighth time he had committed this offence. His record showed that in addition he had twice been convicted or impaired driving, twice of careless driving and once for being illegally in possession of a driving licence. Are there no limits to the patience—or sentimentality—of magistrates? Why had this man a licence that could be suspended? Such cases make a mockery of the law. (Hamilton Spectator.)

Presenting the Magnificent Nineteen-Sixty

...Creating a New Era of Elegance!

The motor cars you have just seen will soon introduce a new era of elegance to the world's highways.

They are the Cadillac cars of 1960-and, from every standpoint, they represent the Cadillao tradition in its finest hour.

In appearance, they are regal and majestic as never before—a brilliant symphony of line and contour from the sparkling new front grille to the graceful flow of the

In interior decor, they are truly magnificent-featuring luxurious new fabrics and leathers-new convenience of appointments-and new excellence in every detail.

And in the way they drive and handle, they are perfection on wheels. There is a greatly refined engine and transmission that provide even finer performance...a ride of unbelievable smoothness and quiet ... and advancements in power steering and braking that make motoring the simplest of pleasures.

These new Cadillac virtues have been interpreted in thirteen distinctive body styles. Every motorist owes himself an hour at the wheel of one of these creations.

The 1960 Cadillac is waiting for you now at your authorized Cadillac dealer'sand your dealer himself is waiting to introduce you to this magnificent new Standard of the World! May we suggest you visit him tomorrow.

See and Drive the 1960 Standard of the World

THE 1960

CHEVROLET

guest and see all that's new in advance au Friday, October 2nd 31-45 STATION ST.

here for the first time anywhere-elegance with economy!

THE SUPERLATIVE 1960 CHEVROLET

If this doesn't delight you, this just isn't your year to be delighted. For if ever a car stood out from the rest of the crop, it's this '60 Chevy. From its clean-thrusting grille to its dapper rear deck, its styling is as fresh as a new-minted coin. And you'll be just as wide-eyed over what's inside — the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled

Here's new gem-bright beauty, room to sprawl in and sit tall in: New lean-muscled engine economy, new space and silence in the going. For fineness of features, for precise craftsmanship—for all the things that make a car good to own—the '60 Chevrolet stands alone in its price field.

by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy 1s, you'll find new economy of operation, new dependability, new longer life. Here, both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came. Take to the road in the sparkling new sixty Chevrolet.

10W! Corvair
By CHEVROLET

Here's the car created to conquer a whole new field . . . General Motors revolutionary compact Corwair. One giance at the Corwair and you'll agree . . here in a totally new way of going, and going in luxury! From its trunk-in-the-front to the radically new Turbo-thir rear engine, Corwair is truly new. And it's newnesse with a purpose. . . newness designed to bring you the riding confort and six passenger hoursy standards that Canadians look for, together with truly compact-car installing and economy. Just ten minintes at the wheel will put the proof in your own hands. You've news known such a breath-taking blend of huxury and practicality. See, drive and delight in the revolutionary new Corwair ast your Chervolot delier's.

** WITH THE ENGINE IN THE REAR WHERE IT BELONGS IN A COMPACT CAR!

Chartes Dillinger, Singel somewhere around in an official
capacity. Yet Ole Case who for nine of the past ten years
has been a facal point of every world series, this year has
to pay his way in.

"I paid my way into other world series," the Ole Perfessor told newspapermen the other day, "and Fil pay my way into this one which I don't like if you was to ask me."

The newspaperboys pepped the questions to the eli-rentity Case. "Only one man in our organization had good season this year," said Case, not battling an eye-sah, "and he was the battor, He had a tremendous cason and never made a mistake. The others? Ugh."

"I would hafts say" said Case, "that three or four things stopped us. We was overconfident after comin' back in the world series. There was Turkey, frinstance, which won twenty games, but didn't." "Turkey a 21-game winner last year, claimed only eight victories this season.

at year, claimed only eight victories his season.

"The same thing happened to Ferd." Case west on.

"which never found out how to get back on the best.

When Turkry plathes, a control was to the property of the property o

The White See pitch low and their infield bills us with double plays and Clereland hits our pitches over the fence and there you have it. We lost eight games on secrifice files but if you throw low you can't hit secrifice files.

"Or," went on Cass without drawing a breath, "you cât, take the unfield jurgle and we didn't have no detence and them bler double play with mea outs position. Take Skowron. There have been better first basemen than ever before in an American League but still the White Sox had to buy Klussewski."

The Ole Perfessor swung off on a new train of thought.

"The spirit blew up," he said. "There is the situation of Mickey Mantle which you can look up in the statistics."

When the Yankees pinnucciol to has place in May, the faithful weadful believe it. The spirit of the team var-wickelt, as was that of the fain. Gurry Alexander. Itsufe carr and a few others we know. .nickered its dis-leited. That yill server's convicted the big Yankee nachine was slipping its cops as the slump continued that yill read to a few others will be to the property of the property of the place of the property of the place of the place

"Casey," a New York writer once wrote and not too long ago at that, "once had dreamed of making Mantle a more imposing monument or Yankre landmark than Joe Di-Maggio or Babe Ruth. But it may not be more than a dream."

Day sports at the Agricultural
Park, Vernon Welf won the
senior championathip, and
Harold Woodley won the juncompany the championathip,
C. Maldens won the silver
medal donated by Mr. A.
Johnson in the 102 yard dash,
and C. Tyers won the silver
O'Tiynn in the 440 yard dash. 50 YEARS AGO

Sunday was Thank Offering Day at Hollowy Street Methodist Church, and the sum of \$324, was received. The police would like to find the owner of a horse and bugg which was found wandering about the street at 1.30 o'clock this morning. Mr. William Carnew, barrister, went to Bancroft today.

Dads are for making things possible

Only a father can make sure his family gets a fair chance at life's ortunities. A good way to do it — to make absolutely sure — is by life insurance. The Mutual Life of Canada can write a policy exactly suited to your needs that will make many things possible for your family — and for you, in later years. The Mutual Life of Canada is the company with the outstanding dividend record, which means complete family security at $^{\circ}$ provisingly low not cost. Talk it over with a Mutual Life of Canada man soon.

NEW FROM ALLSTATE

Sickness, Accident and **Medical Insurance**

- to protect you against today's rising cost of medical care - to help replace income you lose because you're sick or hurt

- to help provide for your family if you're killed in an accident

New Selector Plan lets you choose the exact type and amoun of protection that's right for your needs—and your budget!

your needs—and your budget!

If you're like most families, you already have some needical incurace.
But too many families are not aware how inflation has watered down the protection they may flow have. They take for granted that having the Provincial Hospital Plan, or Workhold the Provincial Hospital Plan, or Workhold the Provincial Hospital Plan, or Workhold the Plant Perhaps you have risked going along with the protection you now have because you've assumed that rising costs have priced adequate cover-age beyond your rhech. But now Allstate's Accident, Sickness and Medical Insurance can help you solve these problems at a cost you

Realistic Speed Limits

The proof of the pudding is in the eating. If all of pudding of speed limit chinges meets the standard in this immediate district, the eating should be very

ays in the province. Of these highways, two are familiar to most res

Of these highways, two are familiar to most resident in the district, No. 2 and No. 7.

Of changes on No. 2 highway, the section closest of the district of th

amines and hour, and with the exception of the eastern entires are more as a second of S5 and 40.

As many motorists who have travelled extended to the province are well awars, Highway No. 7 is one of the eastert roads on which to drive, having regards to the extended of S6 and 40.

As many motorists who have travelled extended to the amount of travelled on the province are well awars, Highway No. 7 is one of the eastert roads on which to drive, having regards to the extended to the entire of the highway but also to the munut of terraftic on it. It is turn (or course, that it was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was mught lighter, even them or on any when tearlied was the present high standard of countruction. But this provision of a realistic speed limit, in keeping with the rate at which the majority of vehicles on the world of spile twee and observable the read have been travelling in the past, is encouraging.

The wide was within the analysis of the world of spile twee and the density of the traffic it carries. Though this system is not without its drawback, we think that an of the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be preferred to the policy followed in the whole it is to be prefer

There are certain basic fundamentals of accepted miduct on which our laws are based which a person; any pick up in the course of his early life. This train, ag may come from parents or teachers or be learned in midus School, but it is, at the best, a sort of incidental; unday School, but it is, at the best, a sort or incidental equisition of knowledge. Other knowledge of the two may come from newspaper accounts or from radio r television newscasts. But this is, at best, a hap-gazard method of obtaining any real information about here.

Then, too, we feel that most people would be at a few was to while the standard of the standar

A comprehensive course in the laws of Canada, their background, traditions, and fundamental concepts would not only give one a clear concept as to his rights and privileges as a citizen but would also give one a better appreciation of our way of life as a free and democratic society.

QUALITY CANADIAN PRODUCTS CONTAINING QUALITY INCO NICKEL

New nickel-chrome lined oven cooks more evenly, cleans more easily

The beautiful new range you see here is a marvel of modern cooking efficiency. And a brilliant new concept in design. It can be mounted on kitchen cabinest or counter tops; or you can hang it on wall brackets at any desired beight. With slife-on-burrer units, a drop-leaf entiting board, a rotisserie, automatic timera and heating controls, it provides wonderful new convenience for the housewife.

But perhaps the most inferesting and dine-awing feature of all to the not-developed properties of the two leaf once units. This gleaming bright were large once units. This gleaming bright

surface reflects heat better for faster preheating, more surface reflects heat better for laster preheating, more even baking and roasting. And it's easier to clean! Grease, burned foods and juice sugars just can't get so firm a grip on that mirror-smooth surface. Thai's the Beauty of all nickel-chrome plated house-

In as a ne beauty of an inexes-carrome plated house-hold appliances! And their utility! They add sparkle to your kitchen. They won't crack or chip; stay bright and new looking for years. The good heavy plating I lnco Nickel underneath the chrome helps

sure this lasting beauty in depth. Write for a free copy of "The Exciting Story of Nickel."

Eisenhower's Language Barrier

One of the most frightening documents we have see in many a day has just reached our desk from the information service of the U.S. Embassy at Ottawa. This docnt consists of excerpts from the transcript of Pres ident Eisenhower's news conference held on the Mon-day after Khrushchev concluded his U.S. visit. This

day after Khrunshcher concluded his U.S. visit. This standard with the conclusion of swers is startling.

in further negotiations?

—I would say, for myself, this: The conditions the have set so far, so far set I am concerned, I mean the This argument of "Sakasty have set so far, so far set I am concerned, and the This argument of "Sakasty conversations have, so far as I am personally concerned, series out of it is surely quite removed many of the objections that I have hereforder unasceptished to most of us. held; but again this is a matter for negotiation and consultation with our ailles, and, as I say, the progress the would int') and the blanket effect the world int') and the blanket effect in the sould be supported to the constraint of the sould be supported to the supported to the sould be supported to the held; but again this is a matter for negotiation and con-sultation with our allies. And, as I say, the progress that has been made is, I can say that we have to consider, as ng as we are going to negotiate, cause we are not on an impasse. egottate, that there is progress Strictly Personal

because we are not on an impasse.

Q—Sit, what did you think of Mr. Khrushcher?

A—Well, he is a dynamic and arresting personality.

It is a man that uses every possible debating method available to him. Ite is capable of great flights, you might say, of mannerism and almost disposition from one of almost negative, difficult attitude, to the most easy, attable, grainlit ype of discussion.

To Freedom'

available to him. He is capable of great lights, you might say, of mannerism and almost disposition from one of sufficient stations, to the most assertable, gential explaints, to the most assertable, gential explaints, it is presented as the control of the process of the control of the process of the most of the process of the most of the process of

Dictures. One lare, no seement that it may have been take even drown or make the director, rather than the leading lady, who was hypoclisted. If we are proven wrong, if the performance is as good as Mr. Blair chlinn, we shall consider a successful to the director, rather than the leading lady, who was hypoclisted. If we are proven wrong, if the performance is as posterior excess that post valued by the proper public and the state of the work at least the pages are down before the deadline! Twould be wronderful!

Think of a day in which all headlines if, there are not have a sole white the pages are down before the deadline! Twould be wronderful!

The state of the work at the page are down before the deadline! Twould be wronderful!

The state of the work at the page are down before the deadline! Twould be wronderful!

freshoint Of VIEW...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!
The softer ride of supple suspension!
The extra safety of flawless control!
The quiet comfort of near-perfect acoustics!
The fiery performance of vigorous engines!

Trust Pontac's creative car builders to come up with another fresh original for 1960! So fresh, they've established a new point of view in automotive value.

With clean, graceful lines they've composed a delightful rightness of form with unity and rhythm.

To complement the softer ride of the improved supple suspension, they've added the extra safety of flawless control.

Then they banished virtually all driving noises with a more skillful, calculated application of sound soaking insulation. This is a car with near-perfect acoustics.

Whatever power plant you choose ... it's typically Pontiac... choice of restless, ground-gaining V8s of a frugal economy 6-cylinder engine that prefers regular grade gasoline.

Haven't you been an admiring spectator of Pontiac long enough? This is your year to become a participant in Pontiac pleasure, where for 1960, the enjoyment is the fullest, where the point of view is the freshest.

BIG COIL SPRINGS ON ALL FOUR WHEELS provide a really controlled, comfortable ride. Easy spring rates, which differ front and back, provide greater stability, amooth out the roughest roads ... give you extra pleasure in every mile.

PONTIAC SEE IT, ADMIRE IT, DRIVE IT:
ON DISPLAY AT YOUR PONTIAC DEALER'S TOMORROW

ELLIOTT MOTORS (BELLEVILLE) LIMITED - 24 DUNDAS ST. W.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

After looking at the batting figures, Lopes is right. The have scored more runs, 19-12, collected more hits, 1 to 31, have a batting average bit .295 to the Dodgers' .340.

The Dodgers were sarything but under-optimistic at the rt of the series and even after that insuprant 11-0 Seli-ter of the series and even anything but down. Targive and the confidence than a Chinese commissar entering a Thesia are confidence than a Chinese commissar entering a Thesia ings and even now some of them are figuring on, and in the commissary of the commissary of the commissary of the individual witness and the commissary of the commissary of the individual witness and the commissary of the commissa

Sahany Podres, after that first-game elobbering, was argining but in the dumas. "We're point to write the series of the same of the same of the same of the same per almost of the same of the same of the same before the same of the same of the same of the same relaxed now than at any time the season. We just went through elegit wal tough games to get late this thing. We went the hig some to get here and I don't see why we com't whe "one now."

As Vince Scully "The Voice of the Dodgers" and a good announcer, has a habit of saying, "it was just one of those things." But things may change this afternoon. They have to if the Sox want the liou's share of the loot and glory.

Strangtly sneegh, a Chicago sports editor mentioned the fact that when the Stars and Stripes was being low-ered after the first gailes, it stuck and stopped, at half-piaff. "This," he wrote more are less giveritty, "would be an appropriate reminder that the park could be the grave-yard of Dedger hopes."

Well, a corpse by any other name would be as dead, and also could be the incident portended the death of Chicago pes for its Sox' first world series in years.

Clair Rests. Plans Strategy **Against Larks**

OTTAWA (CP)—Coach Frank Clair Monday gave Ottawa Rough Riders a day off from practice, shut himself in his inanctum and began planning egy for next weekend's two series with Montrea:

the easy paint for lazy" people!

With wonderful SPRED SATIN it takes less time to paint a room, than to choose the color scheme!

Yes, Spred Satin - the wonderful Glidden latex paint - makes a really big difference when redecorating! It brushes or rolls on so easily and so fast you save house of effort . . . and it has such high covering power you save money too? Spred Satin dries extra fast . . . and is so wonderfully washable its beauty lasts and lasts for years! 40

With amazingly easy, delightfully quick Spred Satin everyone finds decorating fun - even those of us who admit we're a little bit lazy about painting! Try it and see!

And remember, for all your woodwork, get Spred Lustre . . . the perfect partner for wonderful Spred Satin.

CROWN BRAND SYRUP R-A-WEEK CONTES

A beautiful
1960 CHEVROLI
GIVEN EVERY WEEK

- A lively, lovely, luxurious Chevrolet 2-door Biscoyne will brighten the life of any wife.
- A delight to drive for family fun, shopping trips, picnics, and for taking the children to school.
- The 6-cylinder Chevrolet Biscoyne is noted for its greater safety, ease of handling, smoothness of ride and proven economy. Extras include a heater and defraster.

CROWN BRAND CORN SYRUP is Canada's favourite because it's so delicious so many different ways: on hot or cold cereal . . . toast, muffirs, pancakes and waffles . . . puddings and Ice cream.

ENTER EACH of the five weekly contests. Deadlines are midnight Saturday, October 17, October 24, October 31, November 7, Novem-

DOMINION TIRE STORES

Announcing FORD TRUCKS

...with CERTIFIED ECONOMY!

Here's exciting new proof that '60 Ford Trucks can save you money!

Icting we presented to true tracks can have you mostly be Here are the 1960 Ford Trucks . . . the trucks that have already "shown their stuff" in intensive tests run by North America's foremost independent automotive engineering research group. These experts artified test results which prort 1960 Ford Truck Certified Economy!

. There are new engine changes which mean the 1960 Ford Trucks will give you the maximum in power and mileage from every gallon of gasoline you use. For example, the Ford light duty "Six," the engine that gave better gas mile you find to other five makes tested in last summer's Economy Showdown, has been further refined to give you even better economy. That's Certified Gas Savings.

Key components, like brakes, clutch and frame, stood up to gruelling punishment, the equivalent of years of on-the

job service. That's Certified Durability! For example, the 1960 Pickup frame was certified to have 23.6% greater rigidity, for a stronger frame and longer Pickup life.

Individual parts were tested in laboratories and in actual operation . . , and from these tests came proof of 1960 Ford Truck Critifed Reliability. The new Ford wiring assembly, for instance, will serve you three times longer than oldstyle assemblies!

Ask your local Ford Dealer about the many, many other Ford Truck features for 1960. He can offer you the widest choice of engine-axle-transmission combinations in Ford Truck history. He'll help you select the right combination of components to give you a truck that's best suited to your line of work, a truck that's Certified to save!

Thanksgiving ... get-together time

The one long weekend in Fall -Thanksgiving is the time for friendly visits and family get-togethers. The arrival of each guest adds to the mood of good companionship and everyone is ready to relax and enjoy the good things of life. And what good things there are. Friendship, refreshment, gaiety and happy laughter . . . good things that make Thanksgiving a time to remember.

Of all the good things Thanksgiving brings to mind, the family get-together dinner is the best of all. It's the truly happy time when the

A GENERAL MOTORS, VALUE

A car with major advances in transmission, suspension, brakes, and engines which are Butck's alone today A solid, substantial car • A car of superb comfort, quiet, reliability • A car you should drive soon.

HEW COMFORT, QUIETNESS, AND QUALITY

Doors that open wider—easier to get in and out. Family-size interior. Seats that are higher, more deeply cushioned, and repositioned to provide more room for feet and legs. Careful comparisons indicate today's Build, with croup-tube drive and its high; use of insuitation, is perhaps the quietest running car in Canada. Build's new program of modern quality control connect to a path in the Turbine Drive Build's 100.

NEW INTERIOR DECOR AND CONVENIENCE

An colirly new "Mirromagic" instrument panel. It lets the driver see speed, gas gauge and other necessary readings at a algance in a mirror be tilts to suit his own eye level. And a new exclusive safety feature—the Twitight Sentined †—that turns beadlights on and of automatically as light conditions require. All-new colors and fabrics. Richer appointments sixth as wallto-wall carnet in Electra, Inviera, and LeSabre.

OUTSTANDING PERFORMANCE WITH ECONOMY

1. Buick's Exclusive Turbine Drive Transmission* is smooth, responds faster, more economically than ev

 Buick's Exclusive Air-Flo Aluminum Drum Brakes found on no other Canadian Car. Fin-cooled drums front and rear for faster cooling. Fast cooling means safer stopping, longer brake life. Slotted wheels pass a current of air from under the car constantly over the brakes for added cooling efficiency. (Wheels are 15° size which gives you up in 34 more tire life.)

with high economy. (A standard new LeSabre Engine is designed to give Buick performance on regular fuel.)

Tomorrow ... your wish comes true

It's new Ford Falcon day!

When you wish upon a car... and that car's a new Ford Falcon, all the practical, economical, beautiful things you wish for will come true. Lots of leg and head room, with unusual visibility. Honest comfort for six adults. Wide-opening doors, foam-cushioned front seats and 23 cubic feet of easy-loading trunk space!

The Falcon's lively 90 hp Six averages just over 30 mpg, with the smooth ride and solid feel of a

much larger car. Yet its handy dimensions make it n joy to handle in traffic.

Squeaks and rattles have nowhere to start in the
Falcon's single-unit construction. Critical areas on

the underside are zine-coated to prevent rusting.

And front fenders are removable for easy replacement.

Don't wish—walk in to your Ford Dealer's. The
car that makes beautiful sense is here!

THE CAR THAT MAKES BEAUTIFUL SENSE

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

on Soutter, sports editor of the Kingston Whig Stan-lakes the CAHA secretary-manager George Dudley because of his "anti-pro campaign." Soutter says "Du as a favorite topic which be spoke on at North Bay re r and dubbed pro hockey "risky business."

"The cost of operating any bockey club — amateur professional," the sports editor goes on. "depends largely on its salary expenditures. And II was this factor which contributed to the demise of the so-called amateur variety in the communities which turned to joro hockey to contertshament."

Memoranes which surfect to you necessary on velectification. He points we the cause of Bey Guidelly and Jean-Paul Laudrands, femouring at the McFarlands, and Jack Paul Laudrands, femouring at the McFarlands, and Jack Paul Laudrands and McFarlands and McFarlands

Taless other figures do not Dr. the management of a case defunct Kingsian Merchania way as guilty as y above team in the Entire Canada. "eather "A" between the Entire Canada and the Canada and the Canada staling less of some \$4,600. The Merchania refers to y a \$2,600 pool for, challing they had no success. No-cess teams which turned pro run had formed at result-tion southern who will be southern who will be southern whole it southern whole turned pro run had formed at trook!

another Kingston wither that Kingston firm sever "let thel team down, win or lose." We wander what kept them away on certain nights when the local team was in a slump, and new lows in attendance were reported.

Hunkes no difference to John Fan what garb player nar, amateur or prefessional. They must be a winning regulation of they can go hang for support. The dir-rels are always in attendance, these loyal guys who that the team, who or lose, but they are estimated by a brand that wants a wiscoing club or clue.

And the cities that have turned to the prof for teams thi year must have the, support. Unless we are mistaken, the parent clubs will supply players, paid by the farm club, but that's all. No money on the line. This, besides a fat entry the from which there can be no return.

We are not decrying the cities which turned to the pres for their puck fam. We only wonder why clabs which could not juy their my in amateur rasks expect to break creas or make smoory in a setup which is far mere costly than the allered simon-pure lists.

Liquor Vote Change Needed

In Bowmanville, a proposal that the town permit nees for the sale of liquor with meals in dining rooms has been "defeated," although 1,836 voted in favor of such sale and only 1,287 were opposed.

ences for the sate on asyons.

a been "defeated," although "1,836 voted in favor of the sate and only 1,827 were opposed.

the sate and only 1,827 were opposed.

The "defeat" is the result of the provision in the Li in a certain seron an actives were or control Act which requires a 60 percent majority in the same seron and that has not been active to the provision of the same seron and that has not been active to the polls to favor any change in local wasting another dress. What has not served to the same seron and the same seron active to the polls to favor any change in local wasting another dress. What has not served to the same seron and the same served to the same of those going to the polls to favor any change in local soption regulations before such a change is permitted.

There is good reason for refusing to permit the li-

quor regulations in any municipality to be altered by including the same amount of the same and the same amount of the same amo change, it would be possible for successive voles to some house when the change, the town from "dry" to "wet" to "dry" again, la "The White's Tale," and bark to "wet" once more, all within a period of a bar better to "wet" once more, all within a period of a bar better to "wet" once more, all within a period of a bottle dryes by a description of bottle some paralively few years. Such changes would be in-adapt. somparatively few years. Such changes would be inadvisable for a number of reasons, among them that he
provision of proper service to the public in dispension
beer and fuguor requires the investment of consideration of proper service to the public in dispension
beer and fuguor requires the investment of consideration
sums of money and that it would, on the one hand,
be unfair to subject those making such investments to
adden, heavy losses and that on the support of the consideration of would be unfair to the public to permit the sale of liquor physics

Mount be uniar to the puttice to permit the sale of inquor and beer without the provision of proper facilities.

Nevertheless, the regulations need revision. It is ridiculous that 1,287 Bowmanville citizens can continue indefinitely to overrule the votes of 1.836 fellow citizens

Indefinitely to overrule the votes of 1,835 (ellow cittzens of different epinions.

The solution, we suggest, is simple. At present, voice cannots be held at intervals more frequent than three years. Let a 60 percent majority be needed to change existing regulations if held within three years of the last voic. But, if the niew vote is held after a fire-year intervir, require only 4 85 percent majority. If a

year interrat, require only a 55 percent majority. If a couple of decades have elapsed aince the last vote, then let a simple majority be sufficient to authorize a change. Most municipal officials, who have the duty of finding the money to pay for the cost of such votes, would welcome such a change, for it would decrease the would welcome such a change, for it would decrease the frequency, with which votes were sought. Instead of the questions being placed before the people every three years, as frequently happens today, those advocating a change would most likely wait for longer intervals, in parter to reduce the size of the majority necessary to win a change in regulations.

Retirement Scheme?

Netirement Scheme?

Only a few days ago an Authory Carfano was frunch to death in the front seak of his black limousten the first parameter of the most notice of the order to continue opportunists of the prohibition era in the United States. ano, or Carfano, was 61 years of age.

Mrs. R. Robson Is President

HEARING IS BELIEVING!!

Apples, Pears

And Potatoes Are Plentiful

A panel of laymen at the Ontario Public School Trustees Association, meeting in Port Arthur, has comforth with three recommendations as methods of impriving school discipline, use of the strap, school uniform and bettime street curferer

ing achood ducipline, use of the strap, school uniforms in the doctime street curriew.

All three were advocated by Ronald Brownridge, the different few Port Arthur News-Chromicies, and apparent-ing the property of the pr

a poor disciplinarian and we believe that, except in a certain exceptional circumstances, this generalisation is as true as any generalisation can be. But we fall to

certain exceptional circumstances, this generalization is as true as any generalization can be fluid with the understand how good discipline can be maintained uniformation of the control of the control

here and the proposal is not in the same class with that was for the proper use of the strap in certain circumstance, benefit for the proper use of the strap in certain circumstance. Proper whatever of the school. The coult possible argument out in which can be advanced for educational authorities concerning themselves with this question is that a student that who does not get proper rest is unable to keep up with strate where we will be the work at a booloo. But getting students of the street better by a certain time is certainly no guarantee that they been a support of the street in the street i

period when evil rules, is as out-dated as the belief in whiches. One of the most beautiful experiences of five lecades of living would have been impossible had any tupled curriew law been enforced. With a brother, still

"Puffed-Up" Leafs Could Finish In Second Place

Sport Slices

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor approximately three o'clock this afterno itie-questing Bobcats started the most in

The Cats, playing the superlative brand of softball that swept them pass playdowns opposition, and to the league championablp, squeezed past the Drakes by a 2-1 score in the first tustle of the series at the CRRA Park here.

The second game saw the Drakes surge to a 19-16 violaty after the Tabbles were almost helphenty cripside by the less of their noe hurity, Bobby Green, strikele fown with a side injury in the second inning of the game.

Down, bit far from out, the Cats sent Lou Smrke to the mound, but Lou's aboots proved anything but effective and in a despretation move starse Temple took over the chucking chore himself.

New to one would mistake the chief Tabby for a Larry Sterry, but he gave it everything he had to not much swill. The Drakes plastered the bags with sitting ducks and the gallant Cate, hit hard by the less of Green-tagered through the remainder of the game to a 19-16

"If Bobby had not suffered that injury," second base-man Fleyd Crawford laid this department, "we would have wrapped up the champlomhip there and then. After all, we socred ten runs off their see pitcher and that's though to win any ball game. We're not out of the picture by a long shot."

the Boocats are the last nope for a solitoni complorating or the city and this part of Ontario. If they do win it, it will be the second time the titular silvetware has graced the femple mantel. They won it back in 1955.

Coach Bob Temple was out of town yesterday but man r Bill Old, when contacted about Green's condition, pass along good news.

Olfs said that Green's Injury was a pulled muscle, sink a cracked rib. The popular peri-sider was out to prac-tice on Thurship and said has ided did not bother him much, so it is expected be will be starting this after-soon's lar game. The 'Cale will se all soil to ric 1804bo an early lead, just in case the injured side does not hold up for a fall allos formers.

The boys left the arena a little before noon today an by the time you read this, Temple's proud crew may be on th way to their second tille.

UNIORS WANTED

had Eichards, manager of the Limber-Rollins, this city's only in the OHA Easiern Ontario Junior "B" be-ckey league, is gritting raighty auxious to get his 1853-60 chargers out on the ice.

The hard-working executive intends to have the club practice as soon as ice at Memorial Arena is made available but right now he also wants to know just what kind of club

And with this in mind Elehards has called a meeting of all Bellevillo and district players who figure they can play Junior "5" hocker. Mel wants all the players to at-tend a meeting next Wodnesday night, that's October 14, at the Eccrosition Centre on Pinnacle Street at 7349 p.m.

"Every position on the team will be wide open this year and with new coach Orvel "Red" Gravelle handling the club, the players who are willing to work the hardest and thece with the most latent will make the team." Rich-ards said.

What of the Future?

of the Third of the Conservatives in Thurnday's elections of the Conservatives in Thurnday's elections on in Britain has been described, by some, as being a customatistic. Having regard to the fact, that there are a set the modelnish number of seats, both in the Conservative and the Labor fold, in which the results of any election deed and use Jakor rost, in which the results of any election leaves and was at the heart under forescensible circumstances are a foregone control. For a first production of the control of th

popular vote.

Before turning to the popular vote, and its signifitree, let us consider further the story told by the numcince, let us consider further the story told by the numcince, let us consider further the story told by the numcince, let us consider further the story told by the numcince, let us consider further the story told by the number of seats to 189 for the Conservatives. By 1950 the gap is 336 seaks to 189 for the Conservatives. By 1850 to gpt | Institution | American | Americ

tives. In 1963 ist Winston Churchill led the Conservative have been conver, with 230 seats to 250 for Labor, 13055 the Conservatives had 344 seats to 257 for Labor, 13055 the Conservatives had 344 seats to 257 for Labor, 13055 the Conservatives had 344 seats to 257 for Labor, 13055 the Conservatives have been the top 250 the 13055 the Conservatives have long to decline from the 1945 peet.

It would appear that the Conservatives have long indicated on Labor, That, though, is not the case if we consider the popular vote. While Labor obtained in the consider the popular vote. While Labor obtained in the consider the popular vote. While Labor obtained in the consider the popular vote while Labor obtained, and the considered have been considered as the considered have been considered as the considered have been considered as the considered have been considered by the decline funded, the Conservatives also lost, though nowhere near as heavily, with their harms of the vote declining from 49.9 per cent to decline from 49.9 per cent to decline from 50 to 150 per cent.

To so 3 per cent.

To so 3 per cent.

To so 3 per cent.

To mind. Firstly, the Liberal vote is such as small proportion of the whole that can it result to a large with the considered proportion of the whole that can it result to a larger with the late than number to reconsidered the considered proportion of the vote perhaps the result of a larger with the late than number in the considered proportion of the popular vote more than double, from 2 to 3 per cent.

To so 3 per cent.

The percentage in the Liberal vote is the deed deceptive, whole perhaps the result of a larger with the late and the conservative as any real significance? Secondly, was not the interest to the conservative and t

As for the question whether there is any real sig-nificance in the Liberal renaissance, the plain truth is that nobody really knows. Only the future will give us steeme.

that nobody really knows. Only the future will give use came.

The interress flad should prove the future will give use the came.

The interress flad should prove the future will give use the interress flad should prove the future with the future will be formed to the future with the future that the future will be formed to the future with the future will be formed to the future with the future will be formed to the future with the future will be future to the future will be future the future will be future to the future will be future will be future to the future will be future to the future will be future will be future to the future will be future to the future will be future to the future will be future will be future to the future to the future will be future to the future will be future to the future to the future to the future will be future to the fu at ties of interest some members of these latte parties have with each other.

parties have with each other.

In Britain, the Conservatives are historically the party of the aristocracy, of the handed gentry, including the sociality, and the party made it possible to embrace minerous wellster measures for the working class.

The Ilbertain, on the other hand, have a party with a spill premandily. Once the party of the newly-rich industrialists, the party of laisses-fuire, the Libertain revertheless became a party of reform, although the spill representable whether some of their supporters were not more interested in wresting privileges from the law its spill representable whether some of their supporters were not more interested in wresting privileges from the law its spill representable to the strength of the spill representation of the spill representa

Rite partitional and the said that the said as the control of the and the intellectual are obviously feeling a rekindling of heir love for the laisses fare of the Liberals, in the new dress of resentment of the controls inherent in welfare policies espoused by both Labor and the Comervatives their love for the laisses

policies esponsed by both Labor and the Conservatives. How far this wing to the centre will go it is impossible to forecast. To date, most of the Liberal gains seem to have been at the expense of Labor—but it is by no lis means certain that the Conservatives will not also suffer heavily if the Liberals ever become sufficiently strong to have a righting chance of forming the government.

YOU WHO NEVER

HIGH

to motorists who normally use regular grade gasoline

Esso gasoline now protects most cars against stalls due to carburetor icing* - and at no increase in price!

For several years Esso Extra has given complete protection against the cold weather driving hazards of carburetor icing and gas-line freezing.

Many Canadian motorists need protection only against carburetor icing. This has now been provided in Esso!

ALWAYS LOOK TO IMPERIAL FOR THE BEST

MUTUAL OF OMAHA GUARANTEES YOU CAN

AVOID your 3 biggest worries

if your pay cheque should stop because of Accident or Sickness

CLOTHES

Relax in the certain knowledge that if your pay cheque stops due to acc or sickness, your Mutual policy amply provides for worry number one.

Enjoy knowing that your wife will not be forced to reduce the family menu because of a small or limited income when you consider worry nurnber two.

ow that your whole family on't have to depend on charity or ind-me-downs for clothing when orry number three comes up.

Mrs. M. S. Allen, of Toronto, Ontario, with her Inglis Royal pair

Why 136,969 Canadian housewives were glad to pay more for Inglis automatic washers and dryers

Inglis pioneered the manufacture of the automatic washer and dryer in Canada. They have concentrated on laundry equipment (and glass lined water heaters) ever since. The engineers at Inglis will tell you that they are interested in selling one thing only, when it comes to washers and dryers. Clean laundry, all does automatically!

This is exactly what you are assured of when you buy Inglis. It is perhaps the most important reason why (to date) 136,969 women were very happy to pay more to get Inglis. Now, you want to Know the other reasons.

Let us join Mrs. Allen (above) as she uses her Inglis Royal pair. Notice that washer and dryer are identical in size and shape. First, she selects the washing cycle that best suits the

Cover the season of the state o

correct button, Mrs. Allen puls a myliches the washer on. This is what happens. The washer fills to the proper level at the proper waster temperature for the type of fabric in the machine. Then, it selects the right washing speed (this is very important), the exact time needed to do the wash, the correct, firstee water time needed to do the wash, the correct, firstee water time needed to do the wash, the correct, firstee water time needed to do the wash, the correct, firstee water time needed to the wash the correct, firstee water time needed to the wash, the correct, firstee water time needed to the wash, the correct, firstee water time needed to the wash, the correct, first washing the needed to the wash the correct first washing the needed to th

emperature, and the proper, safe spin-dry speed. This is il done automatically.

The Inglis Royal even has a water selector that save water on partial loads by using just the amount of water needed for the size of the wash.

The noment Mrs. Allen switches on her Royal, the "Seni-Sun" remideal lamp comes on. This remarkable derice helps destroy common germs while it gives the clothes a result, fresh air fragrance. At the assets the clothes a result, fresh air fragrance. At the asset to the built-in lint filter goes to work and built-in lint filter goes to work and more all the time the weak just of Furthermoon, the inglis filter works just as effectively on partial.

Doads.

Pechaps the most popular feature with housewives is the Inglis Solds and Water Saver.

Inglis Solds and Sold Solds Sol

wims oversoping the amazing your aim water caves. The Inglis Royal also has wonderful things like an automatic built-in rinse conditioner dispenser; Free Elow draining, in which weaks and rinse water are qrained away from the clothes—out through them; four automatic water temperature selections—hot, medium, warm and cold.

Her wash completed, Mrs. Allen puts it into her Inglis Royal dryer, It has no less than eight automatic cycles to fit every fabric need.

She turns the dial to

The number she selects from the Console Fabric Guide.

She starts the dryer and this amazing machine automatically sets the temperature, drying time and cooling-fuffing time.

True, other dryen have somewhat similar features, what made Mrs. Allen —and many other—choose Ingin' For one thing, the Royal has a Moisture Minder that automatically stunte off, the dryer at "dry enough." Secondly, there are no dangerous hot spots in an Inglisher he hast is tempered deport is receipt through the clotte in a scientific pattern.

Thirdly, a built insan-lamp, without the danger of price finding, and gives them a pleasing some It, also helps amiltim the garment, which will be a supplied to the danger of price finding, and gives them a pleasing some It also helps amiltin the garment, which provide a 10-minute furfine, coding off action at room temperature. . . . the only way you can dry Wash'in Wear paramets in a dryer without winkles!

Wear garmants in a dryer without wrinkles!

Mrs. Allen, and 136,968 other housewives, are very glad that Inglis concentrates on laundry equipment, and is consequently able to produce the very best and most efficient weakers and dryers in Canada.

eminist washers and dayses in Ganada.
All that's laft for you to do is visit your Inglis
dealer. He will show you all three logits automatic
models—the Royal, Citation, and SuperbDid you know that the lowest priced Inglis models
give you more features than the highest priced
models of other maked Do see your Inglis dealer.

teachers attended a Tea-meeting in Shannovville of the aftersoon of Octo-Mr. Langsord 1.P.S. of e. called the meeting and d. Instructions, helpful ions, replies to questions, social period with delight-reshments, suplied by the di hostesses, made this a los and pleasant sersion.

How Is It Done?

The Canadian Tourist Association, meeting at Edmonton, has been told by Hugh Craig, vice-president of
the Canadian Restaurant Association, that the
the Canadian Restaurant is the greatest threat to the Canadian food industry. Pertameter General Hamilton, in the
same veta, said that it is possible for fourists to find first
is anne veta, said that it is possible for fourists to find first
is original visible and the
same veta, said that it is possible for fourists to find first
is original visible has been
planning. He suggested that boundad with a little wat severe conference
ted in how to avoid the infectior places.

We wish Mr Hamilton maybe darrone in detailed.

class accommodation and meals in Canada with a little planning." He suggested that bourts about be deviced as a research of in low to avoid the inferior places.

We with Mr. Hamilton would arrange to do that—and while he is at it he might let the non-louring public in on his secret, too. It may be, of course, that Mr. Here.—"Statistication of the properties of the prope by what standards tourists could be educated to pick by this little cafe, with good food, ahead of the chrome-decked restaurants which rush beef from the abattoir to the oven and roast it until it is as dried out as a lush after being cured of the D.T.'s.

U.S. Law Invoked Here

Canadian unionists are said to be enraged by an iman who has "seguing form and union as the seguing and the seguing s

regulation in the US to this country. The profession of the present of the profession of the professio

units of these under this law.

There are probably many Canadians who will feel out in the about depreceding that it would be in the best interests of the public in that country if Canada had a similar law. But surgetly there most of energy are few who cannot understand and sympathies with up the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of a Canada and sympathies with up to the following of the fo are few who cannot understand and sympathize with the indignation of a Canadian unionist who finds that the U.S. government is interfering with the way in Dandelions

which his local is being run.

We find it difficult to believe that U.S. officials Make Coffee which his local is being run.

We find it difficult to believe that U.S. officials would have the temerity to seek deliberately to extend their influence to this country, so that this may put their influence to this country, so that this may the best of the country of the property of the seek of the country as temperated in a class. Occupante, one cannot be sure that this copinality of the seek of the country and the seek of the seek of

Two waltresses in San Francisco worked side by fandition, to say rabing of unside and were good friends until they discussed their laws and garden, they have in husbands. They found that the discussion, far from injent the root from Belgian, declared the same and the same than the same dealing with hutbands in the plural, was confined to the serious trape, were both married to be assumed as the serious trape were both married to be assumed as the serious confined to the wires, nor the judge who granted them set annulments, has any jetes of the whreemounts of the singular husband, John T. Lemming. We understand there is no truth in the rumor that he is at the optical three to the serious serio

GREATEST MARGARINE **DISCOVERY IN 50 YEARS!**

FLEISCHMANN'S 100% CORN OIL

MADE FROM 100% CORN OIL

Here at last is the perfect margarine Fleischmann's Corn Oil Margarine-the margarine made from 100% Golden Corn Oil to give you that 100% golden taste!

Fleischmann's Corn Oil Margarine is far superior to other table spreads. It's recommended for modern diets because it is the margarine made from 100% golden Corn Oil --- acknowledged to be finer, costlier and the most desirable of all vegetable oils.

SPREADS EVEN WHEN COLD RETAINS SUPERB FLAVOR WHEN HOT

Fleischmann's Corn Oil Margarine spreads easily even when it's fresh from the refrigerator . . . retains its superbly fresh, natural flavor even on hot pancakes, hot biscuits, hot vegetables . . . and during frying, cooking and baking.

IN GOLDEN FOIL FOR YOUR PROTECTION IN THE FAMOUS

YELLOW- OUIK BAG FOR EASY COLORING!

WHY IS CORN OIL SO GOOD?

Corn oil is wholesome . . . digestible . . . and

nourishing. It has the delicate flavor and savory goodness of golden young corn & flavor that stays sweet, fresh, and natural. ******

EVERY FABRIC DRIED PERFECTLY

NEW G-E Clothes-Conditioner Dryer gives year-round summer day drying

CLOTHES LIFE IS LENGTHENED BY PERFECT

The authorive C-E High-Speed Drying System is the best on the morket. Fost moving currents of "[sal-right" warm oir coax clothes dry-motivedly and gently. The dryer knows exactly whos to twe heelf off to give you perfect, "conditioned" results were time.

THE NEW, ELLIMINATED CONTROL IS SIMPLER THAN EVER TO OPERATE

Just set the dial to "Delicose", "Requier" or "Henry" and untomatically you select correct "conditioned" drying for every fabric. You'll see why this new mechine is more than just a dryer. Clothes come out so soft, so smooth, so writtle-free. You are gucrosmosed perfect "conditioned" results for even the most delicost folders.

A twist of a dial and the sun streams in every wash-day. With the 1960 General Electric Automatic Dryer you get perfect drying results and more—clothes are "conditioned" to come out wonderfully soft, sweet and country-fresh every time.

Check these exclusive G-E features:

- High Speed Drying System with automatic Shutoff Signal indicates end of drying cycle.
- Air Freshener. Fluff Setting and De-wrinkler.
- Automatic Sprinkler.

There's so much you'll love about this great new dryer—and there's a model to suit every budget. See them, and the matching Filter-Flo Washers, today. They're available in Mix-or-Match Colours.

BETTER THAN EVER!

CANADA SAVINGS BONDS

cashable anytime at full value with interest

Canada Savines Bonds are a most convenient and practical way to save. They are a safe investment with many unusual advantages. If the need arises they can be cashed at any time at any bank for full face value plus earned interest. They are like dollars with coupons attached. This year they are better than ever. Here's why:

Higher return than ever before

Interest first year 4%, second year 41/4%, third year 41/2%, next six years 5%, plus bonus of 3% at final maturity. Average interest yield if held to maturity is 4.98% per year.

Now available to estates

Eligibility has been broadened-in addition to individuals, for the first time executors may invest in Canada Savings Bonds

New limit: \$20,000

Maximum amount of this issue which may be registered inany one name has been raised to \$20,000. Each member of a family (adult or minor) may hold up to this amount of the new Series. This limit applies also to an estate.

Available in 5 denominations

Coupon Bonds are available in denominations of \$50, \$100, \$500, \$1,000 and \$5,000. In fully registered form, \$500; \$1,000 and \$5,000.

Convenient to purchase

Available for cash and on instalments through the Payroll Savings Plan where you work, or through your investr dealer, stock broker, bank, trust or loan company.

different things

1960 Chevy

completely !!NEW!! completely

FRESH STYLE

One look tells you this new Chery's a beautiful eyeful—from the new full-width grille to the shallow "(" of its unique rear deck. Chery's Slimling contours cut a fresh clean swath in the field of design. In every important styling detail, it stands apart from the crop.

new! casy leading luggage compartment

New convenience has been built into Chevy's extra-roomy luggage compartment by lowering the loading height. You'll find space for a vacation-size luggage load

NEW spaciousness inside

Inside the Body by Fisher you'll find room and more room. There's room to sprawl in, room to sit tall

in—and the roof-line has a respect for hats. A new flatter transmis-sion tunnel is a boon to the "middle man". Here is the kind of mace that invites the family.

THRIFTIER !!!new!!! VS POWER

Under the hood thrift is accented in a new standard V8, engineered to deliver up to 10% more miles for every gallon while giving you for every gallon while giving you more used at normal speeds. Or you might choose its strapping fearmate — Chery's Hi-Thritt Se. The engine that starts saving the moment you fip the ignition and sutomatic choke will show you new heights in performance and new lows in cost.

NEW QUIET AND COMFORT

Thicker, newly designed body mounts insulate you from road shock and noise, insuring an almost cocoon-like quiet. Full Coil spring suspension melts bumps as no other suspension can. Oil-SEE YOUR LOCAL AUTHORIZED CHEVROLET DEALER

hushed hydraulic valve lifters re-duce engine noise to a whisper, adding still more to your sense of well-being as you cruise along in the 1960 Chevy.

!NEW!

refinements for the driver

Everybody will want to be the driver when he sees the kind of pleasure a turn at the wheel brings. The driver finds Chevy has further cushioned him from engine impulses by an improved clutch linkage system. He'll also find that superior weight distribution lends stability in handling and stopping.

There's a new parking brake. When you press down the brake peda, the 7-handle below the instrument panel pops out to indicate 'brake is on'. And Chery offers a choice of 24 engine-transmission hookups to meet the requirements of the most discriminating driver.

DRAMATIC SIXTEEN NEW new colors

111 nein 111

TWO-TONE STYLING

Choosy about color? You can afford to be. Chevy for '60 pro-vides a palette full of hues, both solid and two tones. If you don't see the color or combination of colors you want on the showroom floor, you'll be sure to find it quickly in a handy color chart. There's a trim new two-toning motif available in all 16 coinbright models of the superlative

Magic-Mirror finishes will keep the color tones you choose looking like new for years to come. In-teriors also offer new, 1960-new, color styles. The inside styling color styles. The inside styling changes extend to huxurious new upholsery materials and — in some models — a bright metal instrument panel facing. The big surprise is still abead of you — when you spot the low price all this elegance and quality sells for!

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Marse Ween Blair won't like this but he can blam u Paul Patton, knocker-de-luxe of anything hockey that has a southern Ontario touch, and who recently a, hitched his Suddury Toluman wagon to a professions Patton quotes another m'sieu, one Leo Gasparini.

M'sieu Gasparini, following his bird-watcher anticu t the bannan belt, says "All the gurs in that (Whilby) inb are people who live in Terente and want to keep on aying becker."

He claims they play in Whitby because they have no er place to go, "it's only 20 miles away and within a helf r you're in the arena."

Meanwhile, word filtering in from training camps of the A league Indicate that all are going full tilt and from it of the line-up "she's going to be a pretty tough league play in." All the squads have strengthened considerable in a recent deal the Windsor Buildogs awapped diversame Elmer Skov to Chattam for a starry goalle, Dr.

HAT A DIFFERENCE:

The other day it was different Ebbet's Field was like a b. Four fieldkeepers watched the game over a television Rows of empty seats stretched out and into the distance room as grass in the outfield. The huge series prens-box deserted. No cat calls scane from the "goldern". The telegre "Sympany" was missing. Hot dog and "java" slandi was not seen the series of the

Security Council Nonsense

The United Nations General Assembly has post-poned until next week an effort to select a member limit of the Security Council to fall the seat left weamt by the expiry of the term of Japan. Over a score of ballots always falled to nowine the necessary two-highest maior. have failed to produce the necessary two-thirds major-ity for either of the two candidate-countries. Turkey and

ity for either of the two candidate-countries. Turkey and Pendan, dishough Poinain has let on every hallot.

In substance, this is another phase of the code war, with the U.S. hacking Turkey and with Russia Stendorsing Poland, but the Issue has cut across volting blocks. Istalia American countries, which normally blocks Istalia American countries, which normally below with the West, have given Poland strong support. It is not difficult to suggest a possible reason. The Latin American lands are all Catholic and Poland, shinough has a Communist government, is still predominantly

i has a Communist government, a sun promission of Catholic country.

The really important issue of Security Council casts just never comes up. It is that permanent seat, complete with veto power, which belongs to Nationalist

seats just never comes up. It is that permanent seat, complete with velo power, which belongs to Nationalist Chinas. Whatever may be one's opinion about the right of Nationalist Chinas to UN memberatips and the right of Nationalist Chinas to China to Chinas to China

What's Wrong With, 'Nigger?'

Out in Winnipeg, school trustee Joseph Zuken, has criticized a song taught to Grade 7 and 8 students.

cicied a song taught to Grade 7 and 8 students.
The song is "Polly Wolly Doodle," which most of us.

W.

11 contains the words:

"Oh, I came to a river and I couldn't get across "85 I jumped on a nigger cause I though he was to be a river and a couldn't get across "85 I jumped on a nigger cause I though he was prefer too sarvey are prefer too sarvey are prefer too sarvey and Educate to objections are said to be based on the "Silveys and of the Silveys and of the Si

word "nigger."

word "nigger."

If this is so, we think he is away off base.

We know that Negroes do not like the word "nigger" had we can understand why, for it has so often been usued in a contemptuous context, as it is in the lines in quoted above where the implication is that a Negro is

quoted above where the implication is that a Negro is constantly compared to the state of the st transform them into friendly nicknames, as some Catho-lics of our acquaintance have accepted and embraced the once equally objectionable designation of 'Mick,"

which they freely apply to themselves and others of their faith. As for Polly Wolly Doodle, by all means toss it out.

SAVED BY RHYME

In Oltawa recently, motorist Jimi Lewiki was in court, accused of going through a stop sign. The charge against him gave the date of his offence as June 31.

How court, accused of going through a stop sign. The charge against him gave the date of his offence as June 31.

How can a seep that made one in the seep step sign. The charge of the court, accused of going through a stop sign. The charge of the court, accused of going through a stop sign. The charge of the court of the co

283 COLEMAN STREET

"WHERE PARKING IS NO PROBLEM",

Explorer of the Canadian Scene

Veteran painter A. Y. Jackson has been an experimentar, impiration and creative force in the Canadian rar world for well over half a contany. One of the originals of the now famous "Group of Sevent", Jackson from the first firmly believed that if painters were to capture the april; and abape of the vast capane that was Canada they would have to break with European radistions and develop a spile in keeping with the hold outline and vivid colouring of the vigerous young country. In the course of the long and the contained particularly and the contained particularly contained to the sevent, oracle and the contained particularly created by critics and model of the sevent, oracle and of critical scalar and public acceptance. He has travelled and sketched in every region of the country with the vigerous zer of an explore and the fresh, kone vision of a creative artist. He has taken his themes generally from

the pioner and widerness fringes of Canadas the colourful habitant towns of rural Quebec, appting lakes of the Algoma district of Ontario, fur-rading posts of Beffin Land, broad sweeps of perains and valleys of the Rockies. He took liberties in setting down what he saw, it was always to make it more meaningful, to bring form into the choosic widerness of Canada's northinal or to breathe new life into the peecful beauty of the Canadan countryside. His work is known and admired by countless thousands of his fellow countrymen who recall his paintings of wind-this work is known and admired by countless thousands of his fellow countrymen who recall his paintings of wind-this work is known and standard by consulted the country of the consultation of the consulta

Jackson, 77-year old Dean of Canadian Innducep painters became interested in art while working for a Montreal lithiographing firm, attended art cakes at night. Later he studied in Chicago before going abroad to paint in 1907 where he was exposed to the brilliant colours and revolutionary techniques of the Firsten Impressioniats. Anguily demounced for his redictionar to the observation of the few demounced for his rediction in the entry day of the painting career, Juckson has lived to be bonneed as "one of the few great returns fugures this country last produced."

Jackson's first canvases were made at Sweetsburg, Que. Old weathered barns, smake fences and late winter snow melting into mud-brown furrowed fields attracted him to the picturesque rowns of the lower St. Lawrence. In his rudio at Minotick, Out., where he settled on leaving the Studio Building in Toronto, Jackson shows an exchanated audience the snowholes he wore on hikes through the Quebec countryside where he was called Pete Requeste — "Father Snowholes".

Jackson served overseas in World War I as an army private.

At an essel which once belonged to the legendary Tom and later as a War Artist. On his return to Canada he Thomson – Jackson's companion on many an excursion seated in Toronson where he helped found the Group of inno northern Dancison – the matter gamter of the Canadian scree, Jackson early tursule has strention sorthing, some of the country around him. RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

rold Thompson, R.R. 1, Corbyville, wants to get a game

The boys are: Wayne, 25; Richard, 19; Gordon, 17; Den-14; Danlel, 12; Connie, 9; Dale, 7; Randy, 6 and John The girls are: Beverley, 13; Sharon, 4, and Judy, one.

Fety-cight year old Thompson is phyer, coach, man-er, judge and jury of the softball aquad. Mrs. Thomp-o, 47, the fermer Jean Emphlow, weighs but 123 pounds, a manages huge "washes" three times a week.

Dad served 3% years with the Hastings and Princ Edward Regiment oversess and at present is employed with the Bakelite Company here. None of the children is mar-ried. Wayne lives at home and works for the city publi-works department.

The Thompsons live in a confortable modest born-nerven-acre lot near Corbyville. They are relaing 14 a and 136 "resolters." It takes 35 bags of polatices to naise" the brood and these with other veretables are wen in the Thompson garden by the family.

Besides their own produce it takes \$32.00 worth of ceries weekly to feed the clan.

And last Christmas after the "big dinner" all that was-left of a 25-pound turker and a ten-pound ham besides the trimmings, was the careass and a memory.

And not too long ago there was another celebration the Thompson hacienda when nine of the children were

Television and softball are the family's main recrea ns. Wayne is a smart left-hander while the "old man" ches and coaches and settles mild arguments. Bev-ey can play on the team, too, if she is needed.

In the evening the family watches television and one by as they fall asleep they are carried upstairs to bed in of the four bedroom. They prefer westerns and car-ns for their video screen fare.

Last winter a generous neighbor gave Thompson the sed from a woodlet. The eligible members of the raily buckled down and felled, cut and split fifteen cords wood and stored it in a shed. Their home is wood-

The family income is derived from Thompson ages, board money from one, or two of the children ad a \$72 monthly family allowance.

"They are the happlest bunch of kids you ever saw,"
idly states Thompson. "Sometimes they get into arguits, but never anything serious."

When Thompoon's shift-work hours permit, he goes house in the afternoon and in the evening the ball game starie on the Thompson disnord. The hattery is Thompson pitching and Thompson catching." Umpires are Thompson and Thompson. "Any deable piras are credited to "Thumpson to Thompson to Thomps

The evening meal is the big one in the Thompson ne when all the family is present. After the meal a f dozen pitch in and help mother with the dishes, eve is no grumbling. The job has to be done and is no—cheerfully.

So there it is. The Thompson softball squad is open to play exhibition games with teams living up to their re-quirements. Thompson doubts if there is another family in Ontario which can meet the required standards.

"We might have to put in pinch-hitters for Randy, 6, Jahnnie, 5," says Thompson, "but Beverley and her can fill in, if necessary. Both are good batters." "OKAY, BATTER UP!"

There are differences, top.

In one case the man will serve three months in always jail, in the other he goes free on suspended sentence.

Which of these other differences explains the difference in sentences?

The fact that one man was 29, the man who goes was younger, only 23?
Or the fact that one case was heard in New Jersey,

Or the fact that one esset was imposed by a gistrate, the other by a jury?

Or the fact that one errime was against a dog, the other against a Negro girl?

A Noble Gesture

A Noble Gesture

In Norfolk General Rompital at Simozo a new Canadian citizen is a dying. It is difficult to imagine a min and citrematances being happy, yet the other day he was happlet than any other man Judge O. A. P. Wolfenden had ever seen.

When Judge helfctfacted to makinalised Constitution of the seen of the

REMEMBRANCE DAY - 1959

BELLEVILLE POPPY FUND COMMITTEE

ES FOR REMEMBRANCE WREATHS AND EMRIEME SHOULD BE PLACED IMMEDIATELY TO ENSURE PROMPT DELIVERY.

Another fresh one ... from Pontiac!

You find it attractive because of the simplicity of lines, the absence of over-design.

You're drawn to its crisp freedom, its perfect form, its exhilarating freshness.

You'll find it amiably obedient because of a supple, softer suspension system. An independent acting coil spring on each wheel firms the foundation, stabilizes, balances . . . helps make Pontiac more responsive, quick and easy to take direction.

Pontiac's engines for 1960 are more vigorous than ever. You

have a choice of four V8 power packages, ranging from the high performance Super Astro-Flame to the economical Strato-Flash which prefers regular gasoline. Pontiac also offers the Strato-Six...Canada's most powerful six cylinder engine.

The car, the keys, the catalogue, the courtesy ... all await you at your Pontiac dealer's.

MAGIC MIRROR FINISH ... on all Pontiacs, is perfect for Canada's varying climate because it keeps its new car lustre for up to three years with

Parents and Their Children's Sins

We happen to be one of those quest individuals who have always regarded J. Digues Hower of the July and the second of the

mow which of these classes each and every individual boy were locking for.

To make every parent legally and financially responsible for the criminal acts of his children would be the season of the component of the criminal acts of his children would be the read the read of any building. By a direct route in justice. Our law for Canada boday, and we presume through the woods earliery of any building, By a direct route in justice. Our law for Canada boday, and we presume through the woods earliery of the unlawful nealthful nealth of the component of the properties of the component of the properties o

The Latest in Weather Predictions

There will not be a long winter this coming season. This prediction comes from an extremely, reliable me without of observation which has its basic fundamentals. Nother rooted in the mists of antiquity and the history of middle with be

rooted in the mists of satisfusly and the history of middle with homesteading in Rowers. But on Rowers are all Rowers, where we want of foodstuffs acquired by mice during this time of the year. Last year the mice were extremely active may be an our source of information noticed that much grain, wegetables, etcheras were missing from his storeons. It was obvious that the were grey rodents were response to the contract of the co

ter.

This year, we are informed, there has been little mant, in an or no activity by the mice in acquiring additional food. Hence a short winter may be anticipated.

Hence a short winter may be anticipated.

We might, of course, question the prediction on githe basis as to whether it has been determined that the lat mice did not have a bumper harvest from their usual sources of supply during the summer and early fall. and the property of the summer and early fall control of supply during the summer and early fall control of the property of the property of the property of the other than the property of the other than the property of the other than the property of the p

There are many factors which could affect the ac curacy of the long-range weather forecast via the Mouse Method. There is however one infallible system, and this we usually adhere to. It is the Burns' Barometer, which rule goes
"The best laid plans of mice and men go aft agley."

WE DELIVER

WO 8-6773

RARE, MEDIUM, WELL-DONE By GEO. H. CARVER, Sports Editor

Stafford Smythe, the chairman "Snow-White" of the onto Maple Leats' managerial "seven dwarfs" has com-with another typical Smythian blurb.

Hr. Smylie, who should know, but decon't, where-be uponks, apparently spoke with predicted president mass be knows that his cith, the Majal-Leafs, and our pre-cutiffs have been cripoling analous hookey work their crushing manipulation of beckey players or yet are eating publism for surtenance.

Mr. Sarthe forget to state that had the pre-actual if reached out with greedy tentacles and retained or put e tab on premising junior, bintam and even power ayers of those small towns, that healey would still day the size states it had before the advent of the pre-rid-degr.

Comment of the control of the contro

No other medium covers the advertiser's TO-TAL market so thoroughly . . . no other medium delivers his message with such powerful selling impact as the newspaper. Most shoppers check the ads in their newspaper, last thing before setting forth to buy. This gives the newspaper advertiser the opportunity to put in that all-important last word for himself, the word that pays off so handsomely in SALES.

Shopping Starts In The Pages Of This Newspaper, Which Makes It The Best Place To Start Selling

Conserve Those Nutrients

How long would my insurance take care of them?

Food, housing, clothing, health, education— just everyday living—all call for a steady in-come today. For protection, the average in-sured Canadian family has \$11,000 worth of Lafe insurance. Say that out loud and it sounds like a small fortune. And it is. But it is, also, for the average Canadian family, actually just about two years' income. Here lone—greatly—and your insurance.

taminy, actually just about two years into an How longs, exactly, would your insurance take care of your wife and family? You might be pleasantly surprised to learn how much protection you can have, and afford, when a tailor-made plan is charted for you

(and the chart left with 'you') by a man who is trained to help serious-minded families determine their caucif amount of the mind the serious country problems. Now Metropolitan Man has that kind of training. He will take into account not only your Life insurance but also your Old Age Pension, savings and other assets. He knows that your family is not "average" but special ... with particular protection needs. So, his answers to your questions will make sense for you. Call your Metropolitan Man today.

S. Making Little Effort Ith Project Saturn to Eat Reds in Space Race The project in the proje WHAT MAKES BUICK DRIVE SO SMOOTHLY?

Buick's Exclusive Turbine Drive is Jet-Smooth...

No Mechanical Gears Ever Shift!

In a day when so many cars are alike, we believe you should know how basically different and how basically better a Buick is built. For instance, no car at Buick's price, nor any car at a higher price, offers you so smooth, so dependable, so trouble-free an automatic transmission as Buick's Turbine Drive.

In ordinary automatic transmissions, gears are shifted automati-cally. But the shift is there! You feel it shift or hear it shift. And with each shift, the engine must adjust to a change in load, the wheels must handle a change in traction. With today's Buick in "Drive"—the flow of power from toe to wheels is jet-smooth, faster than ever and uninterrupted. The only thing that shifts is the pitch of stator blades in a swift, powerful current of oil . . . high angle for superb performance in starting or passing . . . low angle

angle for superb personnance in accommendation of the teconomy at cruisings speeds.

Turbine Drive Transmission is available in every Buick. If you choose the LeSabré—the lowest priced Buick—it is a modestly priced option. If your choice is Invicta—the high performance Buick—or Electra—the finest Buick of all , , it is yours as standard equipment. But the only sure way to get this quality Buick feature is to buy a Buick. This is the year. This is Buick at its all-time best!

othing shifts but the pitch of the stator blades in a smooth flow of oil. High angle for quick starts

The Turbine Drive Buick '60... BUICK'S ALL-TIME BEST

Announcing the new Plymouth

Solid comfort! Solid performance! Solid safety! Solid beauty! You'll find them all in this 1960 Plymouth, with rustproof and rattleproof Unibody, new inclined overhead-valve sixcylinder engine and a whole car-full of other solid improvements new to the low-price field!

Here is a car with revolutionary new Unibody con-struction that eliminates body bots to give you a more solid, quieter ride than ever! Here is a car that features the most comprehensive rustproofing treatment in the industry!

Here is a car that delivers up to 50 extra miles on every tank of gas, with a completely new kind of overhead-valve six-cylinder engine inclined at a 39-degree angle like modern racing models?

Here is a car with a purposeful new kind of sculptured Here is Plymouth . . . built a new solid way to give you solid satisfaction.

No car in Plymouth's class was ever built like this before. And Plymouth's remarkable new Unibody "bridge truss" construction makes the difference. Please note that the Plymouth structure is all one piece—frame, body, crossmembers and exterior penels—without a body bolt in it to spoil the solid silence of your Plymouth ride. And that's only the beginning.

For the Unibody is stronger and safer than conventional frame-and-body assemblies, too.

Unibody is one and one-half times alronger, end to end, than conventional types. It is twice as resistant to twist. And it is four times as durable.

Torsion AIRE Ride-Improved for 1960—weds with new Unibody to keep you level when you start, when you stop, when you when

Most comprehensive rustproofing of any car—ever

Not only is your Plymouth built to withstand wear and road punishment; it's designed to resist the ravage of weather, too. For this year, Plymouth introduces a completely new reatproofing process, more compre-bendies than any rust preventive treatment ever known to the auto industry.

to see auto industry.

Every Plymouth Unitedy is dipped (not just sprayed, mind you) a full seven times to protect it—and your investment—for years to come!

New Six . . . new savings !

Just lift the bood on a new Plymouth 30-D Roomony Six. You'll see a totally new kind of automobile engine as revolutionary in the way it looks as it is in the wonderful way it moves and performs.

It's inclined to the side—just like modern racing engines—at an angle of 30 degrees. This permits a straight side intake with no elbows or angle se to imposed supplementation breathing. And even more important, inclining the supplementation of the side of th

Result: This is an engine that turns out more torque, more homopower than ever. Yet it still gives you up to 50 extra miles on every tank of gas!

s new overhead-valve, six-cylinder engine—inclined lika olog models—delivers up to 50 extra miles per tank id neuth V.B's are money-savers, too?\

Special engine mounting

The engine in your new Plymouth is more carefully mounted than any engine ever put into a passenger car. Chrysler Corporation developed more than five hundred individual engine mount designs, then made 300,000 specific electronic calculations on each design before the one ideal engine mount was settled on for

use in your Plymouth. And you can feel the result: An engine in perfect tune with the rest of the car— with virtually no engine vibration to dampen your pleasure at the wheel!

0

Plymouth nakes the big changes the others overlooked

You've only begun to learn about Plymouth for 1960. Here are automatic door locks that'lock all doors at the flick of a switch. Here are, automatic swivel seats and a high-back Command seat for the driver. And here are Plymouth's own Torsion-AIRE Ride, pushbuttondrive, Total-Contact brakes—improved for 1960. yet for all its engineering advances, Plymouth is an automobile that looks as new as it drives and rides. Though you get more stretch-out room than ever inside your '60 Plymouth, nothing has been sacrified to make this phe contemporary beauty of the year!

But why not look for yourself? Your Plymouth dealer has a new Plymouth awaiting your trial and inspection right now. Please visit him soon. You'll find your best buy is a new Plymouth... solid for '60.

This Old Soldier Shouldn't Fade Away

The recent death of General George C. Manhall marks the passing of a truly great American. Chief of Staff of the greatest army which the United States ever produced and a skilled man in military matters, he was also a man who inaugurated a new era of think-

ing for the American people.

Prior to, and even after, America's entry into the Prior to, and even after, America's entry Into the Duscie Second World War, American foreign policy was real-people tionally isolationist, as best 'exemplified by the Monroe let Doctrine. America was long remembered for this doc-estive trine, and isolationism was fairly rigidity athered to this even after the First World War and the splended from in Aid-of Woodrow Wilson to have the United States accept its responsibility as a leading member of the world can all it is munity of nations.

Data has been been the Wilson failed to achieve, al-light the property of the property of the control of the con-trol of the control of the control of the con-

though he undoubtedly started something. General processing the started something. General processing Marshall did . . . a conversion of America's thinking mannic to accept their nation's proper position in the world.

It was as Secretary of State during President Turirous aman's tenure of office that he conceived the first world-like for

mans sentire of orince that he onedy nations. Although there has been much debate, especially in the Congress profit of the United States, as to the effectiveness and the usefulness of this program as a political asset, nothing color-can be done to tarnish the basic thought and feeling either the control of the control

usefulness of this program as a possures assess, seems to the color present in the tiere can be done to tarnish the basic thought and feeling which initiated it.

Marshall conceived this plan, although the undoubted the conceived the plan of the color plan of the col

to up to us to make it a sound and solid structure. It could be a sound as the solid

RARE MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

The Clinion Councis, produced and indirectly div-locity: impressrie Wron Bisir, new a full-ble sity count to Scotty European, et, the Peterber ing "A" TFTs, will be the guests of the McFart Memorial Arens tought.

The Comets, packer sweeping out of their bockey talls, sweet the Eastern Hockey League of the United States clean of the oppealtion last season, winning the loop title in ruber cary fashion after Mysica Blate had filled up the gaps and voice by talent he picks up with that rather uncanny ability of his.

However, if the Macs live up to that sparkling per-formance of Saturday night against the Allan Cuppers from Whitby, the Comete will note a few stars hitched to their hockey wayons it they want to pull out with a

City and district fandom is still talking of the fine ex-hibition the Macs staged against their ancient formen from Bisirville after being on skates for such a brief period of

Last night in Trenion they came up with their second siralght win, a 6-1 victory over the rarged bare-hitting whalington Freddenia. As in the previous grame the Moss spetted the feeman a second period grain before they found their feet and sevening eryst. They ripped in fee a pair is tack the victory away and clinched it but pond with it own markers in the third period.

"Turk" Barclay got back into the goalkeeping ha art night and came up with his usual good job.

GIANT IS BACK

2STAGES THE GREATEST SHOW IN THEIR 78 YEAR HISTORY

Adams says "Thank You".

Tomorrow (Thursday, Oct. 22), ADAMS says thank you, for your wonderful patronage in the past 78 years. How can we best say it? By inviting you, your family, your friends and neighbors to a good olf-dashloned. However, the past 18 years are supported by the past 18 years. How can we best say it? By inviting you, your family, your friends and neighbors to a good olf-dashloned olf-dashloned Circus Camival comes to Adams with a show of furniture and appliance bargains so vai, to exciting it will undoubstedly change the way the whole town lives. Above that will turn hack the close to the past 19 years of the past 19

RONALD KEEL **JEWELLER**

To Our Customers

We want a new look. We are planning to remodel and completely decorate our entire store. In order to carry out our plans we find it necessary to greatly reduce our tremendous stock, to make way for the workmen who will be taking over immediately after this sale. Remember the goods going on sale starting Thursday, are our regular stock of guaranteed nationally advertised lines of watches, diamonds, jewellery, silverware, etc. So you may buy with confidence. The name RONALD KEEL is your assurance of quality and satisfaction. Whatever you do -- don't miss this great sale

Signed, Ronald Keel

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Shortly after a lot of Montreal Canadiens supporters the current issue of "Hockey," the storm warnings will real over the eastern metropolis for the special attention New York writer by the same of Shanley Fischier.

Mr. Flechler most have a nock of giraffian proper-n- and he has threat it out to its fullest extent in a sed article in the magazine.

If the homorable life, Fischlor over visits Montrea the Habitant Joan Pauls and Madellines find it out I be the central figure in a modern version of the neb revelution. They might oven dig up an old-fash

Here It is: "The Montreal Canadiens are dead, ty're through, washed up, see. The show is ever for Blake and his Habitante. They might as well kins, glankey Cup, and the Prince of Wales Trophy bye-. for a while. They have had it."

He recalls some of the great teams of the past like the tins of the late thirdes, the Leafs of the late forties and Red Wings of the early fitties, but "never a juggernaut the one Frank Seike has put together."

Watson uses a great big "if" if you'll notice, but not Mister Fuchler. He thumped his typewriter with fat and chrouched. "While Watson is only hopeful, writer is certain the Canadiens' number is up. This what will step them; are, hiprise, retroosifement or competition, handequate weight, lack of isodernib

"Yes," he says, "there is a good chance that the mpions will be dichroned. This writer thinks the addens are dead. We've got the law of averages on side. We'll see you in March to compare notes."

This department will be around in March, we hope compare notes with this daring predictor. We believe two have never leased too heavily towards the Can-cus, that Tee Blake's erew is as dead as a freahly-

If they are deceased it will be the first time a "corpse" won the National Hockey League and/or the Stanley o, or achieved a runner-up position.

And il might not be a had idea to warn Mr. Fischler after his Ganadiens' "oblinary" there might be a "few pall-bearers around if he ever visits Montreal—and they won't be carrying the Canadiens to their last resting

The Higher Education

in a democratic society higher education, especially at the university level, has a distinct responsibility without completely apart from the role of institutions of higher recarding in any other type of society. In a totalitarian highway learning in any other type of society. In a tolialistical is assisted the purpose of the universality may be only to turn to out legions of highly trianshare technicians, scientists, provided the second of the second technicians and the state of the second of the seco must also appreciate the qualities and responsibilities of breakers and sizers is the stress of their society. Where the order of things is not governed to the society. Where the order of things is not governed to the society of th

force, the responsibility of the individual citizen to comes very important and precious of the comment of the

have been achieved through the efforts of dedicated and clear-thinking men.

Usually when algas of intolerance have come to prominence in recent years it has been due to men who are poor—poor either in education, background or mens. But recently this remeats have reached the least to be seen to be a compared to the prominence in recently that remeats have reached to the prominence in recently that remeats have reached to the prominence in recently that the prominence in the prominence in the prominence of the p

sneed organizations at the University of Toronto. It is obvious that immaturity marks these incidents be-oritions that immaturity marks these incidents be-ought the property of the same property of the same property of the mature person both mentality and apritually. Queen's University at Kingsion has long had a ban against fraternities and sorrorities as such, with the explaint of the same property of

Queens university as Xingston has long had a ban let mes.

against fraternilles and sororities as such, with the cet, his the cutions geometry of per ception of such as are open automatically to every just person who has the largest student at the university. This, we feet, it as good capacity for attacking plan inasmuch as it eliminates from the start any plan inasmuch as it eliminates from the start any plan inasmuch as it eliminates from the start any of the investment of of the immature.

We do not, however, condemn the existence of More Milk fraternal organizations point blank. Only where the members are woefully inadequate in the assumption of A few years ago whe fraternal organizations point blank. Only where the members are worthly inadequate in the assumption of the responsibilities incumbent upon such a group should fraternities and socretities be coherenced. The blank of the proposition of the responsibilities of such as the source of the second of the responsibility of such as the second of the second o

of learning, should have a winderful country. It was made so by its people, and they had and have many differences, all of which have contributed to the richness of our life. Let unot have this marred the of the letter the here of the immature who feel that differences should count for the suppression of the individual rather than for his letting rath or raise event of the suppression of the individual rather than for his people with the suppression of the individual rather than for his letting rain to raise event of the suppression of the individual rather than for his people with the suppression of the individual rather than for his letting rain to raise event of the suppression of the individual rather than for his people with the suppression of the individual rather than for his letting rain to raise event of the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual rather than for his people with the suppression of the individual

Lowe Brothers Paints FOR YOUR DECORATING PLEASURE

PAINT COLORS YOU WANT mixed while vou wait!

You select the color. We'll make it on the Kem Colormeter . . while you watch. Now you can have wall colors that will blend perfectly with draperies, rugs, furnishings, Our Kem Colormeter takes the guesswork out color matching to mix your favorite cool tone, warm tone, delicate pastel or wan-dering neutral. Also make use of our "Color Harmony Guide", "Color Selector" and "Color Matching Service" file . . . everything that's needed to help you get the exact color combination and the exact color you've always wanted.

BORROW OUR COLOR HARMONY GUIDE

Over 1400 color combinations likelineted by large, actual point samples. Charts and index help locate actions to go with rugs and droperies. Color selection is used to the lesience of your own home. Homeel by polor scientists and opproved by latestor decorators ... your choice will be outherfic.

Our Strontium-Free Water

Have you drank your Strontium 90 lately?
If you are a resident of Belleville, and if C. Meivimer of the United States Public Health Service know the te table. what he is talking about, the chances appear to be go that you have not.

The reason for this happy state of affairs is a state of affairs which, in the past, has made a lot of people

of affairs which, in the past, has made a lot of people unhappy.

It is our blooming Bay of Quinte.

It is our blooming Bay of Quinte.

It is our blooming Bay of Quinte.

It is our blooming to this sentence is not used to be a supplemental to be a supplement of the control of

tre standing aboud be lower than 500 per cent of standing aboud be lower than 500 per cent of standing arrange.

All this, in, the present optimistic frame of minds which has seized us, means that Stronium 60 with the borne experiments have been exattering about the standing the standing of the standing of the standing that the standing of the stan

The Public Utilities Commission of this city, when in the past has looked on algae as something less than some a wim better than a hlessing and which has spent considerable time and money straining it from the bay water before piping this mixing money or converged to the best of father and the converge for our converged habits about a making money and the job a Boosystathing it from the bay water before piloing this makes above the the 20 of th

All of which just goes to prove the wonders of selence. Until the miscle-working physicists learned holw to pith the atom, algae was just a nutsance. Now to pith the atom, algae was just a nutsance. Now Let's go bave a Cobel Let's go bave a Cobel ...

removal.

It follows, therefore, that those best also to go are yet who the standard power with this work, have also resided in Belleville for many years.

And the standard power with this work, have also resided in Belleville for many years.

This may be the standard power with this work, have also resided in Belleville for many years.

This may be made to be the standard power with this work, have also resided in Belleville for many years.

This may be made to be the standard power with this work, have also resided in Belleville for many years.

This may be made to be the standard power with this work, have also resided in Belleville for many years.

with his work, have also resided in Belleville for many learned what it is to so a many with his work, have also resided in Belleville for many learned what it is to so a many with his work, have also have a will cannot resist the templation to question the wisdom of curtalling an early start in the battle with mow storms. Both Ald, William Argorés suggestion that there is a none-castly to send out snow removal crews at night during the early and lale portions of the winter, and City (Fr. N.X., where is a most at Westders, Sagineer Malcolm Turnbull's amounteed policy of not sending out ploss until four inches of more harp faller, shallow, first damaging the property of the sender considerable experience in a community with off Samble prosecy have well as four the based on considerable experience in a community with off Samble prosecy have well as four the sender of the se

repest way.

It costs less to cover all streets two or even three to do is feel his It comes hem to cover all streets two or even three times when smow is easily removed than it does to clear time same streets once after they are deep in sixth, by; ruted, blocked by stalled cars and generally a mess. And something tells us that the same street once the same street once that a might storm will not be theavy and will not be followed by a day or two of bad weather. Show removal is not the type of work which can be handled by the book. All water is web, but snow comes in innuite variety. Every four-innuovalial is not the same. The best policy is to depend on the good plogment of the entitied in change, and any accordance of the control in the same.

The transistorized

Converts every 1960 Seabreeze record player to a radio phonograph. It plugs into any 1960 Seabreeze Stereo record player to give you radio reception with all the clarity and tone of the player itself. Here's how the Tune-a-Dyne works:

Simply remove the black plastic "Seal of Quality" from any Seab Stereo record player. Now plug in the transistorized Tune-a-Dyne, select your favorite station, then sit back and enjoy a new standard in radio reception. The Tune-a-Dyne needs no batteries. It fits every Seabreeze Stereo model for 1960.

STATE TOXICITY

The Kitchenter Duichmen, Canada's representatives at the 1968 Olympion at Squaw Valler, open the efficial 1988-69 Outarie Senier "A" hockey schedule against the McGarianda here tenight.

By way of introducing the new cellion of the "analors" Dutchmen, that is if exhibition games count, BID Duranny ever has whapped the Walley Dunleys three times in the pre-crosson clades. As far as that you the Maduriands trimmed the Dunles 3-3 in their first than ont, which incidentally, was their best performance

Besides tonight's game is one for figurative blood. It sets in the 54-game season that sees all five teams of the p walpse from almost one end of the province to midway ough the other end. It's a good thing Hallfax was not mitted in the circuit.

One factor which might affect the Ditchmens determines to walk off Memorial Arena ice tonight with a victory have long memories.

A victory tenight over the world champions, despite the fact they will be sky some of the players who helped them win that new "famous" title, would add considerable prestige to Canada's anateur Olympic squad, besides gri-ting them off to a good start in their peaked schedule.

Strangely enough, the Dutchmen, always contenders in western loops, are picked by the "experts" as the "ques-mark" of the league. This because they have been chosen represent Canada in the Olympies and must go with an -amaticur" cast, resulting in one of the youngest clubs in

The "experis" also say the strength of the Belleville Farlands is doubtful "because they have lest many of the titlle-winning team. This copilate has been dreamed foe, because unlike the other squade they have played by these exhibition games and their "strength" has not an brought out in public only recently.

Word from the home camp is that "Wiener" Brown will be able to play tonight despite the fact he has a sore leg as a result of that post-crash in the Clinton game. "Wiener" went to work yesterday and the welcome word was that

And just in passing, Bill Hanley, secretary manager of the OHA, informed this department lest night that the same officiating system of one outside referee and two local lineamen will be used in the senior "A" schedule this season.

The Macs showed a fine potential in their first outing against the Whithy Dunlops and arain against the rugged Washington Presidents, and the Clinton Comets. But they still need another good centre player, while another lett-winter wouldn't harm them.

Duplication of Effort

Resters new segrory says that, now the Russians we landed a rocket on the moon and sent another most it, their next step will be an attempt to land forments, intact, on the moon's surface. Soon the trips to the moon, of unmanned rockets least, may become as routine as the old "milk run"

strough it, takes, on the moon's narrians.

Soon the trips to the moon, of unmanned reckets

Boon the trips to the moon, of unmanned reckets

Boon the trips to the moon, of unmanned reckets

Boon the trips to the moon, of unmanned reckets

Boon the trips to the moon of unmanned reckets

Boon the trips to the main to the milk business, too.

Like ompeting dairies, sending their rigs on identical trips, the nations in the space race will be involved in or at at oversicating the mail

Lips, the nations in the space race will be involved in or at at oversicating the mail

From 's few sheets down by the moon more than milk wagons, and the saving which would be possible by svolding this duplication assumes trumendous proportions.

Site Winston Churchill has just warrod Britain that it about not get left behind in the space race, the saving was to be the moon rockets are not just as an employed to the saving which would be the moon rockets are not just as many the saving was the saving when the saving when the saving when the saving when the saving which would be the saving which would be the saving which would be saven to be transfered to the saving which would be saven to be saving which would be saving which would be saven to be saving which would be saven to be

Bit Winston Churchill has just warned Britain that it is should not get left behind in this space most, the miles the most mother "are not just an ingenious bid for prestige." It may be doubted, hough, whether Britain and the financial pace, unless the large of the state of the burden of prestige and the financial pace, unless the large of the burden of prestige and the burden of the prestige and the burden of the prestige and the burden of the prestige and the prestigence and the prestige and the prestigence and the pre

Germany Rearming

West Germany has been "granted permission" to manufacture missiles for and salarrent defence.

Who greated the permission? The Western European Company of the Company o

this should not be—but it is.

By what right, then, is this supervision undertaken is by the Western European Union, rather than by all the allies who fought Germany during the Second of the control of the second of the second

Creat War? Or sought, termany ourning the second of the department of the period of the department of the department of the desired of the department of the many is that the western democracies have, from the year first days of posce, been robbed of any effective say in the affair of East Germany. That, however, the manner of the second of the second of the town make the certaing state of affairs a satisfactory one. The second of the second of the second of the for worse make the second of the second of the for worse manner outs the Belgium and Holland fear Basic Germany, it is still possible that countries in Basic Bernany, it is still possible that countries in Basic Bernany in the second of the second of the Basic Bernany is the still possible that countries in Basic Bernany is sufficient to the second of the Basic Bernany is the sufficient to the Basic Bernany in the sufficient to Basic Bernand Basic Basi

McFarlands took off for Mitchesser a illewing their sesson-opening theilier on here last night. They taught with sight at 2.30 and take on Bill Butch ab in Windoor temetrow afternoon siz-

om the results of last night's twin battles and after g the game here it appears there won't be much to between the five clubs of the new senior "A" circuit, atthem Marcons shaded the midsty Dunlops 2-g. giving a Ontario a clean sweep in the opening games.

"We've whiched the Buildogs periodically the last three one from a spectator's point of view. This will be our season at being closely associated with the club. So, apps, we've partial to "Lammy's" gang already.

"Our opinion, for what it's worth, is that this is prob-y the most solid Bulldog aggregation yet. Stating day when they meet Belleville here, it will be up to coach and the players to prove themselves the Best slag cits.

"Frankly, we think they will. In Jean-Paul Lam-de they have a coach who summands respect, as i per" type who knews all about the game. The play-knew, too, that he tolerates no sometime. If they to hard, he's with them all the way.

"In rebuilding the club this season, Bill Butcher wer boot it in sensible fashion. There were two commodilies to helly needed, a top-notch patkeeper; and experienced de encemen." He figured wisely that there would be pieut our unplus forwards around, particularly from North when we adobuty and Soult Sie, Marie turned pro. "He, of course, needed a new coach, too. Lamire's acquisition was a master stroke. He got him-a coach and a wise, experienced defenceman all speed up in one bundle.

"He picked up Lou Dictrich from the Sos, Gerry Servins from Cornwall. He had Elmer Skev, Len Speck and Ghifflin Mellai from last year's club. The blueline brigade lesked set.

Tommy Walker was picked up from the Soo, Bene Pe-rom North Bay . . . a pair of high-class scaler players. Costello came in from St. Mike's, Denis Boucher in the

Medallion homes

are built with your dreams in mind!

Are you dreaming of the day when you will have every modern major electric appliance in your home?

LIVE IN A MEDALLION HOME

Plan, right now, to live in a Medallion Home. It's appliance conditioned when it is built . . . designed and planned to make room for a complete electric laundry; a complete electric kitchen. You'll find at least one major electric appliance included in the purchase price of a Medallion Home, and outlets provided for at least five more.

ADD THE JOY OF LIGHT FOR LIVING!

Imagine the convenience, the comfort, the safety of a home where all the lighting is planned! That's the truly modern lighting system you get in a Medallion Home. No more 'making do" with awkwardly-placed electric outlets. You'll have planned light for every activity centre in your home; decorative lighting to enhance the decor of your rooms: and proper lighting in all areas that require the safety of light both indoors and out!

ADD THE SATISFACTION THAT **FULL HOUSEPOWER GIVES!**

A Medallion Home is ready . . . right from the day you move in . . . with safe, adequate wiring; completely equipped with circuits, outlets and switches to enable you to live better electrically today and in the future. That's what full housepower means to you and your family-the complete satisfaction that comes of living safely, comfortably, the modern electric way:

Tell your builder that you want a Medallion home

FOR COMPLETE INFORMATION ON HOW YOU CAN OWN A MEDALLION HOME ... CALL YOUR LOCAL HYDRO OFFICE

looking for a better way to save?

ORDER THE NEW

CANADA **SAVINGS** BONDS

TODAY

CANADA SAVINGS BONDS are a most convenient and practical way to save - and they're a safe investment with many advantages. If the need should arise, they can be cashed at any time, at any bank, for full face value plus earned interest. They're like dollars with coupons attached.

This year they are better than ever with a higher return than ever before - an average annual yield of 4.98 per cent when held to maturity.

Up to \$20,000 of the new series may be held in the name of any one person (adult or minor) or by an executor for the estate of a deceased

They're available in denominations of \$50 and up, for cash and on easy instalments. Order yours through the Payroll Savings Plan at work, or through your investment dealer, bank, trust or loan company, or stock broker.

BETTER THAN EVER!

Recession Cure for Trade Deficit

Recession Cure for Irade Deficit
If you are one of those who worry about Canada's
infeventhe behalonce of trade, you might be overgived, with
mist other properties of the armody, but this you
must there appears to be a remedy, but this you
must be shortled. In this case the cure appears to
a worse than the disease—or it would be year if not for
a worse than the disease—or it would be year if not for
a fact that a continuation of the disease may entire
ally produce the cure, willy-ally.

The Bank of Montreal, in its Cylober business
that the continuation of the disease may entire
the product of Montreal, in its Cylober business
that the continuation of the disease may entire
the product of Montreal, in its Cylober business
the product of Montreal in the Continuation
the Bank doesn't say liths agreement of the continuation
the Bank doesn't say liths agreement of the continuation
that the continuation of the continuation
that the continuation of the continuation of the continuation
that the continuation of the continuation of the continuation

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

or McFariand is in receipt of several letters of a com-nature, praising him for his stand and what he did and and Canadian hockey while overseas last spring world champion Belleville McFariands.

"That is what I get out of it and I might say it helped K. wer here and Mr. Nixon ever there," he added. 'collowing is a sample of the letters Mayor McFarland een Metving:

Dear Mr. Mayor:

As one good sport to another I could not let this occasions without expressing to you my feelings in regard to your erience with hockey in Canada.

Canada is full of sports who talk but do nothing to keep add on the map by contributing to the realization of ony in the sporting world. Money talks and you have need the gratitude of all good sports in Canada by leading way to victory in 1938.

Our government and our hockey magnates should be amed. There was no event in 1938 that did so much to ertise our country or our people. It also proved to the sainan and others that we were able to hold our own in key, and did much its create a good understanding among

I am glad to learn that you were present to share in the tory of our boys—to see the Canadian flag go up—the tory made possible by a loyal sport.

Canadians who think are proud of you—you have more than any other one man to create good will e sporting world.

Plastic Dog In Rocket Cone Brings Protest

LIVERPOOL, England (CP) — The dog is man's best friend, Liverpool's members of Parliament were informed Sun-day. Een when he's made of

day. Ecg when or's minos op-plated. May were so intermed by Richard Ciliberow, accra-tary of the Laverpool branch of the Royal Society for the Pre-vention of Crusity to Adminat, who was callistics with a season writted in High the Latest writable in Highest for Goy Fawken Day—a rochet with a plastic dog in its none cone. "We don't want the rocket here," and May asking them to belogget it banned in Liver-pool.

Douglas Fisher, the Fort Arthur history teacher who two elections ago, emerged as a giant-killer by deteating halfor. C. D. Howe, is quitting politics. His reason—there are too many phonies in the profession. Affective made his announcement while address ing his former chasmates at Victoria College, University

One thing a university education does, he said, he is also in developing to enable one to spot those people who are phoney and also to spot anything phoney about oneself.

Berhans Mr. Fisher is reiched at the control of the control

per anything phoney about oneself.

Perhaps Mr. Fisher is right, although not all those praduate from university appear to acquire this charge the little that the little that

One thing a university education evidently does not do, though, is to guarantee that courage and tenacity the wise way to are wedded to vision.

The reversince so which now the reversion of the transfer of t

Mr. Fisher does not lack ability, that even his most important professional profess

Mr. Fisher may be quite right in his estimate of Mr. Fisher may be quite right in his estimate of Mr. Fisher may be quite right in his estimate of Mr. Fisher may be quite right in his estimate of But, as he bows out, let us not forget that those win But, as he bows out, let us not forget that those win Cannot and the control of the property besides some phonies, his own niche. Ferhaps he does not belong.

Mr. Fisher may be quantified to be a support of the profession number, effectively a support of the profession number, effectively and the profession number, effectively number of the profession number, effectively number of the profession number of the profes

Achilles' Heel?

Two mysterious planes showered Havana with latafiest on Wednesday of last week. Small bombs and grenades were thrown. There appears to be some sufference of opinious winether as it these sever tools of the state of the sta

The U.S. has spent millions to build radar lines which will detect any plane approaching this continent that spr Likew. off from its own soil.

If from its own soil.

The best way to launch a surprise attack on the U.S. idealihe mark up general idealihe mark up ould appear to be for the enemy to operate from a logist of us — and we calplain to youngsters and shattering and shattering and shattering and shattering the property of the property U.S. airfield.

He is to Be Pitied

Roy Thomson, the Canadian who owns more newsjupers, in and out of Canada, than any other man in wedd of shear.

We world, says that a successful man is often to be

ignored by the same of the same of

spie world, says that a successful man is often to be pitted. He's frequently lonely, he says.

There's material for a good novel there. But Mr. is a said, and the pitter of the pitter

n than many a novel would do.

Mr. Thomson is a shrewd man. He is right. He pot because the street of the street o is to be pitied.

GREATEST MARGARINE **DISCOVERY IN 50 YEARS!**

FLEISCHMANN'S 100% CORN OIL

THE MARGARINE MADE FROM 100% CORN OIL

Here at last is the perfect margarine Fleischmann's Corn Oil Margarine-the margarine made from 100% Golden Corn Oil to give you that 100% golden tastel Fleischmann's Corn Oil Margarine is far superior to other table spreads. It's recommended for modern diets because it is the margarine made from 100% golden Corn Oil - acknowledged to be finer, costlier and the most desirable of all vegetable oils.

SPREADS EVEN WHEN COLD RETAINS SUPERS FLAVOR WHEN HOT

Plaischmann's Corn Oil Margarine spreads easily even when it's fresh from the refrigerator . . . retains its superbly fresh, natural flavor even on hot pankes, hot biscuits, hot vegetables . . . during frying, cooking and baking.

IN GOLDEN FOIL FOR YOUR PROTECTION! IN THE FAMOUS

YELLOW-QUIK BAG FOR EASY COLORING!

********* WHY IS CORN OIL SO GOOD?

> Corn oil is wholesome ... digestible ... and nourishing. It has the delicate flavor and savory goodness of golden young corn . . . a flavor that stays sweet, fresh, and natural.

URPRISE IS WHEN YOU LEARN IT'S MARGARINE

By GEO. H. CARVER, Sports Editor

Some comment has been resulting this departs the top-rest increase in the prices of general air and received seals for senior "A" healey games h

et's get the facts straight!

a increase was incurred because of the sinb's spen-trer H. J. McFariand wanting to keep the record 1 as far as the hospital tax is concerned.

he Hospital Tax Ast question mustroomed into pro-during the recent inquiry into the city's finance g fact to the controversial flame was the fact that e-given regarding the tax was improperly reported of the "foreign" press.

of the "foreign" press;
Manager Erald Gennes of the Kitchener Detektuens a "the reserving defeated from the second and the reserving and here recentled. One offers, I new expected policy clothe that retirous to pay the late. Now any liberty riches had retirous to pay the late. Now any liberty riches had retirous to pay the late. Now any liberty riches had retirous to pay the late. Now any liberty riches and retirous to pay a fact for it you have been been accounted with a writ. This tax not been the pair of the late of the late

oman has pointed out several times, he told Len (Kit-Becord) Taylor, that the Western Ondarlo teams have sisting the Western told by the provincial subhortities sisting the Ricopital Tax Act. If the interpretation of t has been wrong, he says, the fault lies with the de-mit and not with the clubs.

Actually, Taylor points out, the Hospital Tax Act has be-so outmoded over the past decade and needs a fast revis-to make it realistic. The provincial officials realize the subject has become a political football to some ex-

We attended not a few of the meetings of the former fers Ontario Senier "A" League, where the tax as a discussed and it appeared to us that all occurred re tyring to keep within the law—or at Josef, that is at they said, or interred.

We agree with Taylor that the inference has always been the department wanted the clubs to qualify and was loss to help them obtain exemption.

And we believe that the great majority of hocker magure, like Kitchener's Genan, will welcome the neuronment that the province will conduct a full-scale she late tax operations among hockey clube.

Mayor McFarland has stated he will operate his hockey club along the same business lines that he does his construc-tion firm, and everyone knows what a "fallure" that has

Had clike of the past had the forwight to do the same thing there would have been no contraverzy ever the tax, mer the necessity of a previncial period. As was said be-fore we do not believe the probe will unserts acretime of a measurement hasher, but it is stronge what as the puty one bring to light once it gris under way. That was preven here as it too long say.

Building a Better Community

Building a Better Community *

Building a Setter Community * Its subject of the stocker monthly later of the Bryal Bank of Chanda.
At a time when the Bryal Bank of Chanda.
At a time when the Bryal Bank of Chanda.
At a time when the Bryal Bank of Chanda.
At a time when the Bryal Bank of Chanda.
At a time when the Bryal Bank of Chanda.
At a time when the Bryal Bank of Bryal Bank mch a community and may have a comparatively easy, ather than a most difficult, task ahead in restoring this creatity to an enviable stature amongst the provinces when

dium-sized communities.

This does not mean that sound municipal financiary is unimportant. Nothing could be further from the state of the first truther obstacles. But we ought not to feel for increased by only 141 community-building efforts undertaken in the passed in the safe way to do it not a complete remodelling job, and when the do it not a complete remodelling job, and the safe way to do it not a complete remodelling job and the safe way to do it not a complete remodelling job and the safe way to do it not a complete remodelling job. and the safe way to do it not no comparatively leave it is given the safe way to do it not not comparatively leave it is given the safe way to give hearing. What is also well attitude, or work at the safe way to give hearing. What is the work at the safe way to give hearing way to give a safe way to give hearing way to give a safe way to give hearing way to give a safe way to give hearing way to

small section of a large and sturdily built manxion.

There this take may provide benefits. "What is a distillate, overall, the cure of community buildings" asks the base. It is a supplied to the people of the pe

Well, more neighbors in Belleville are asking mo nestions these days than for many months past, so, are to

The Bank has some warnings for us, too.

"Municipalities become good communities more by
the postive actions of good men and women than by
the repression or extermination of evil," it says:
"Registrie aims are not enough."

Eskimto Film

"The good community cannot be created by a sum of the top to the sum of the s

the people."

"It indeed a poor rejoinder to say about a suggastion for community betterment 'our fathers got along
all right without all this fues.' Because of the planring and work they did we are given today's oppor-

numer."
And finally, a word of encouragement: "Even the
most threatening situation can be handled successfully
by co-ordinated effort."

Fit as a Fiddle and Ready for Love? .

if as a ricidle and Keady for Love? The street of the str

Markidak, up in Grey County, which seems to us to contain the germ of a new crists, up to Percival, "are coming up with exercises even Sports College never thought of. One boy in Markidal, Ont.) Doug Sewell by name, has instructed me that squeeting the bathroom scales is a good way to strengthen wrists and arms. He says to come 100 you have to squeese only your own weight."

Now if we were a pretty young thing up Markidale way, we should be hesitant about saliying forth with

way, we should be heeftant about sallying forth wars bathroom-scale equesers.

Like apple ple and cheese, kisses and squeezes go together but young lovers who can huy their weight put peril into evrry date.

Of course, this type of squeeze inight be endur-cible if you were fit, which may explain why the number of women interested in being ployically it is almost of women interested in being ployically it is almost of women interested in being ployically it is almost of women interested in being ployically it is almost for women in the same playing the same of the squeez-ing business is just a case of self-protection. If this he true, are we justified in concluding that all this squeez-ing business is just a walst of effort? Hm-m-m-mil

all right, ment. Chesis out, etbows down, sticks on, knocs for skating purposes only, and have you is ready, in case."

That was the OHA's figurative sergeant-major speaking ving out final instructions before the troops went into league

It was the same old pre-battle order, dressed perhaps with little more emphasis and the decision to hit erring battlers here it hurts the most—in the hip pocket.

He repeated the statement to an Eastern Ontario group of OHA officials, some thirty all taid from Peter-borough, Kingsion, Cobourg and other district outposts at a meeting here the other night.

"The rules," quoth Mr. Patterson in his best official man-er, "are being enforced from the drop of the puck in the ext period of the first game."

"Refereo" he west oo, have received their matruc-tions to call it close. There's to be to litegal rough stuff, just good hard hocker, Fizzers gettlag into fighth are solate to drop their sileks, and the third man who joins in will be fined. Sileks must stay on the teo-and elbows down."

It was also pointed out that goalkeepers who leave mmediate vicinity of their crease while an altercation is ing on up the ice, shall be assessed a minor penalty.

The question is "howya gonna keep' em down on the farm after they've seen Faree." The referreing in the Eastern League last year left plenty to be deaired, and from what we gather the western and northern loops had the same fromth.

The trouble was a lot of the whistle-and-sweater fra-ternity could not differentiate between "just good hard hoe-key" and "illegal rough stuff" as laid down by the powers-

In the game here last Friday night with Kitchener referre allowed hooking and holding in not a few insta-while some border-line trips drew the official wrathl

And hockey-wise veterans have been known to "take the dive" after a skate flips or scrapes an opposing stick just in case the "Niba" rules a penalty, which happen occasionally.

In Windser Sunday afternoon when some of the fans were withing out, a fight broke out near the Buildeg goal. Windser writers said the Mace' Bus Garpon "speared" Buildeg goalle Don Head, and received a cloud over the neggin for his trouble. Others tell a different story.

Suffice it to say the moles started and players from both suches leaped on the ice and joined in the general bed-m until the Windsor goal area looked like a bargain day

Perhaps the OHA has a new ruling this year, but last usen's book of words stated clearly that any player or yers leaving the bench during a fight on the ice would constitutly draw a misconduct, as would any on the ice

As things happened down thataway all that resulted no a cash ever a Garnon optic, majors to the Macs layer and the Buildog gasile, and a ten-minute miscon-net and aswbock floe to Lammy Lamirande for being The Third Man."

The rest of the players got away scot free. Ah, well re was only 45 seconds to go, so mayhap His Nibs felt terous about the whole thing.

We have failed to note, in the games we have seen so far this young season, any officiating better than that dealt out by Vern Goyer and Art Casterton, the latter of Klagston, who were rated alguly in OliA opinion last

"Why is it if disner's late

Canada Savings Bonds pay you **MORE FOR YOUR SAVINGS** cashable at paranytime-with interest

CASHABLE ANYTIME AT FULL FACE VALUE PLUS EARNED INTEREST.

Canada Savings Bonds are a sale investment with many unusual advantages. If the need arises they can be cashed at any time at any bank for full face value plus earned interest. They are like dollars with coupons attached. This year they are better than ever. Here's why:

NOW AVAILABLE TO ESTATES

Eligibility has been broadened — in addition to individ-uals, for the first time executors may invest in Canada Savings Bonds for the estates of deceased persons.

The maximum amount of this issue which may be held in the name of any one person is increased to \$20,000. But each member of a family (adult or minor) may buy up to this amount. This limit applies also to an extate.

HIGHER RETURN THAN EVER BEFORE

Interest first year 4%, second year 4½%, third year 4½%, next six years 5% plus a bonus of 3% at final maturity. Average interest yield if held to maturity is

AVAILABLE IN 5 DENOMINATIONS

Coupon Bonds are available in denominations of \$50, \$100, \$500, \$1,000 and \$5,000. In fully registered form, \$500, \$1,000 and \$5,000.

AVAILABLE FOR CASH AND ON EASY INSTALMENTS

On the Monthly Savings Plan, you make a down payment of 5% and pay the balance in convenient instalments. On the Payroll Savings Plan, you purchase your bonds by regular deductions from your pay.

through any bank, in-vestment dealer, stock broker, trust or loan company, or through the Payroll Savings Plan

Better. than.

ever!

ORDER YOURS TODAY- After Nov. 14th accrued interest will be charged.

SUPREME COURT All Together Now!

Well, it looks as if we are going to he it the hard way.

It is unthinkable that the citizens of Enterthic should publicly confess that they are so poor, in purse or in heart, that they plan is frome poor, in purse or in heart, that they plan is frome poor and the week and the crippled to live on isse.

And that's exactly what will happen unless the United Appeal reaches its target.

What the United Appeal does got get, it cannot give to its eleven member cognizations.

And if these organizations have so tipplens their fact that the complete of the complete the complete the complete them to be so the species to have the conditions who told to most to puss on the squeeze to the condy way to prevent the Mild and the select from feeling the photic is to east the, pressure where it starts—to loosen'up the purse strings. It is unthinkable that the citizens of Relieville

ngs. So far. Belleville citizens have falled to do th

Bo far, Relieville citizens have failes to ún this the easy way — huncup hayroil dedictions at their factories, stores, shops and offices. By Thursday, after 25 days work, only \$26,570 and the naised by seven divisions of the carress. So it will have to be done the hard way, by an immediate and generous response to the canvascers who, on Monday, will start calling at every house in Belleville in the eighth and final division of the campaign, the residential 'canvasc. One thing needs to be remembered. This is a residential canvasc, an appeal to every resident of

one thing needs to be remembered. This is a residential canvass, an appeal to every resident of Belleville, not just to householders. Many a home has more than one wage earner. Each is a resi-dent, a citizen of Belleville, and each has a respon-

has more than one wage earner. Each is a resident, a citizen of Bellerille, and each has a responsibility.

Sharing the load can lighten it.

The load can be shared in two different ways—
by everybody helping to carry it and by those who
